Report to Joint Legislative Education Oversight Committee

S.L 2019-165 Section 4(b) and G.S. 115C-84.2 as amended

Executive Summary

A. Legislated Requirement:

As part of the reporting requirements under the Uniform Education Reporting System pursuant to G.S. 115C-12(18), annually each local board of education shall report to the Superintendent of Public Instruction and the State Board of Education on the start and end dates of the instructional calendar for students for the next academic year. The local board of education shall report this information for each school under the control of that board and shall identify the statutory exception authorizing an earlier start date for all schools that start earlier than the Monday closest to August 26.

Local boards of education shall submit the report with the information for the 2019-20 school year by August 1, 2019. The State Board of Education shall report the information submitted by the local boards of education to the Joint Legislative Education Oversight Committee by September 1, 2019. The bill was not signed in to law until July 26th, therefore, an extension was requested and received to submit the report by September 15th, 2019.

For years after 2019-20, the local boards of education shall report annually by April 1 to the Superintendent of Public Instruction and the State Board of Education. The State Board of Education shall report no later than June 15 to the Joint Legislative Education Oversight Committee

B. Exemptions and Waivers

Exempt

Per law, the following entities are exempt from all parts of the calendar law, except for the requirement of a minimum 185 instructional days or 1,025 hours of instructional hours, and are not required to report on the start and end dates per S.L. 2019-165 Section 4(b). As such, these entities are not included in the report.

- Charter schools
- Lab Schools
- Innovative School Districts
- Regional Schools
- Renewal School District – Rowan Salisbury Schools

The following public schools within a local education agency (LEA) are exempt from the start and end dates in G.S. 115C-84.2(d)

- Year-round schools (G.S.115C-84.2(d))
- Schools with a modified calendar implemented or planned in 2003-04 (G.S.115C-84.2(d))
- Restart Schools (G.S.115C-105.37B(2))
- Cooperative Innovative High Schools (G.S.115C-238.53(d))

Waivers
All schools within an LEA with a State Board of Education waiver for good cause may have the earliest instructional day no earlier than the Monday closest to August 19th. Good cause means schools within an LEA located in a county that closed for at least eight instructional days in four of the last 10 years due to severe weather conditions, energy shortages, power failures or other emergency situations. For the 2019-20 school year, the following LEAs received waivers from the start date:

Alleghany County
Ashe County
Avery County
Buncombe County
Asheville City in Buncombe County
Clay County
Graham County
Haywood County
Jackson County
Lexington City in Davidson County
Madison County
Mitchell County
Swain County
Transylvania County
Watauga County
Yadkin County
Yancey County

C. Findings

13 LEAs have systemwide 2019-20 instructional calendars that begin before the earliest date set in law. 3 LEAs have an individual school that has an earlier start date. Following is a summary of the support provided by the LEA for the implementation of these calendars:

> *The school calendar was developed to meet the various academic needs of all students through enrichment, remediation, extension and dual enrollment. This student friendly calendar was established in collaboration with students, parents, business partners, community members and our local community college. In addition, to maximizing the learning opportunities for all students, it aligns with the community college calendar to facilitate dual enrollment.*
>
> *The school shares a campus with a cooperative innovative high school, which has an early first day to allow the students to start with the community college. Aligning the calendars of both schools provides efficiencies and cost savings with shared services and staff. If the school were required to start later, the estimated costs to the district would be significant, and be constituted through two additional weeks of employment for all shared school staff and 2 weeks of additional transportation. Professional development would be more difficult to schedule and the maintenance, repair and cleaning of the building* would be affected.

Extended Calendar

Guilford County Schools has 4 schools that have 197 scheduled instructional days required for all students. This extended instructional calendar requires the start and end dates to be beyond the legislated dates.

Allen Jay Elementary
Brooks Global Elementary
Johnson Street Global Studies
Washington Elementary

D. Data Collection: The start and end dates for each school were extracted from PowerSchool student information system and sent to the LEAs to review and certify the statutory references.

All LEAs complied with the reporting requirement.

Cumberland County Schools	Alger B. Wilkins High School	8/12/19	5/21/20	This school was opened many years ago as a PLC and followed the Early College calendar. Over time the school has transitioned to serve at-risk students who were in danger of dropping out or or had dropped out and come back to school. We will examine the best way to follow guidelines to have them on this calendar. We want to be compliant so please advise us if you have any ideas that would help us!
