Public Education

GENERAL FUND

	FY 11-12		FY 12-13	
Recommended Continuation Budget	\$7,923,543,951		\$7,923,543,951	

Legislative Changes

A. Technical Adjustments

1 ADM Adjustment

\$55,882,651 R \$143,087,414 R

Fully funds both years of average daily membership (ADM) growth for public schools, providing \$55.8 million in FY 2011-12 and \$143.1 million in FY 2012-13. This adjustment, which accounts for changes in multiple allotments, has traditionally been included in the continuation budget.

2 Average Salary Adjustment

(\$21,838,817) R (\$22,040,287) R

Adjusts several budget lines to account for the decrease in average salaries between FY 2009-10 and FY 2010-11. This adjustment has traditionally been included in the continuation budget.

B. Other Public School Funding Adjustments

3 LEA Adjustment

(\$4,365,359) R (\$65,292,506) R

Increases the LEA Adjustment reduction by \$4.5 million in FY 2011-12 and by \$59.8 million in FY 2012-13. The State Board of Education will distribute this reduction to all LEAs and charter schools on the basis of ADM. LEAs and charters will then be responsible for identifying budget reductions in order to meet their share of the LEA Adjustment. LEAs are expected to utilize federal EduJobs availability to minimize reducing position allotments.

4 Class Size Reduction in Grades 1-3

\$61,697,942 R \$62,767,803 R

Adds funding for 1,124 additional teaching positions in FY 2011-12 and 1,144 additional teaching positions in FY 2012-13 to reduce the classroom teacher allotment ratios for grades 1-3 from 1 teacher per 18 students to 1 teacher per 17 students in both years of the biennium. A related provision, Section 7.1B, expresses the intent of the General Assembly to add additional teachers as funds become available with a goal of reducing the teacher allotment ratio in grades 1-3 to 1 teacher for every 15 students.

FY 11-12

FY 12-13

5 Teacher Assistants

(\$390,519,448) R (\$395,946,237) R

Funds teacher assistants on the basis of Kindergarten ADM only. Previously, teacher assistants were funded on the basis of ADM in grades K-3. LEAs will still have the discretion to place teacher assistants in classrooms serving grades K-3. \$137.3 million will be available in FY 2011-12 and \$148.5 million will be available in FY 2012-13 to fund teacher assistants.

6 Decouple Master's and NBPTS Salary Supplements

(\$4,776,560) R (\$4,776,560) R

Reduces the combined salary supplement for educational personnel qualifying for both a master's degree and National Board for Professional Teaching Standards (NBPTS) supplement from 23.2% to 22.0%. NBPTS salary supplements will be calculated as 12% of the base salary the individual receives on the "A" salary schedule as opposed to the current practice of calculating the NBPTS supplement from the "M" salary schedule.

7 Fund One LEA Per County

(\$2,214,251) R (\$11,071,255) R

Reduces funding to six base allotments received by multiple LEAs within the same county by 20% in FY 2011-12 and eliminates those amounts in FY 2012-13.

8 Education Reform Studies

\$200,000 NR

Provides nonrecurring funding for studies of third grade literacy programs and ways to reduce the need for remedial or developmental education in the State's higher education institutions. Funding will be available to hire an outside consultant to examine these topics.

9 Testing

(\$2,725,029) R (\$2,729,677) R

Eliminates funding for four End of Course tests eliminated by S.L. 2011-8 and not required by federal law. Those tests are United States History, Civics and Economics, Algebra II, and Physical Science. The remaining testing funds are then reduced a further 10%, leaving \$8.8 million available for testing in each year of the biennium.

10 Dropout Prevention Grants

(\$13,290,683) R (\$13,290,683) R

Eliminates funding for the Dropout Prevention Grant program.

11 Student Diagnostics

(\$10,000,000) R (\$10,000,000) R

Eliminates funding for the Student Diagnostics pilot program.

12 Learn & Earn Virtual Schools

(\$1,000,000) R (\$1,000,000) R

Eliminates funding provided to four schools to provide on-line access to Learn & Earn. Students in affected schools may access courses through the Career and College Promise program described in Section 7.1A.

13 Learn & Earn Online

(\$4,875,000) R (\$4,875,000) R

Eliminates funding for Learn & Earn Online courses provided through the UNC system.

14 Small County Supplemental Funding

Restructures this allotment to restrict eligibility to only those counties with ADM of 3,200 or less and provides per-pupil funding on a sliding scale based on the size of the school district. LEAs made ineligible under this formula will have their allotment phased-out over a five-year period. A related provision, Section 7.12, provides additional details on this change. \$38.9 million will remain in this allotment in FY 2011-12 and \$35.3 million will remain in FY 2012-13.

(\$5,146,985) R (\$8,818,208) R

15 Noninstructional Support Personnel

Reduces this allotment, which supports clerical, janitorial, substitute teachers, and other personnel, by 15% in both years of the biennium. \$337.1 million will remain in this allotment in FY 2011-12 and \$340.3 million will remain in FY 2012-13.

(\$59,497,471) R (\$60,054,792) R

16 Textbooks

Reduces funding for textbooks. \$23.4 million will remain in this allotment in FY 2011-12 and \$27.2 million will remain available in FY 2012-13.

(\$13,000,000) R (\$13,000,000) R
 (\$79,166,861) NR (\$76,500,000) NR

17 Central Office Administration

Reduces the allotment to LEAs for the salaries and benefits of central office staff by 16%. This staff includes, but is not limited to, superintendents, associate and assistant superintendents, finance officers, athletic trainers, and transportation directors. \$90.4 million will remain to support these local staff in FY 2011-12 and \$90.5 million will remain available in FY 2012-13.

(\$17,211,294) R (\$17,254,494) R

18 School Building Administration

Reduces the funding for assistant principal months of employment by approximately 21%. This reduction does not reduce any guaranteed principal positions. \$302.0 million will remain in this allotment in FY 2011-12 and \$304.0 million will remain available in FY 2012-13.

(\$24,612,054) R (\$25,023,016) R

19 School Building Administration Position Conversion

Reduces funding for this allotment based on a modification of the allowable conversion of assistant principal and principal months of employment. Currently, LEAs are allowed to “cash-out” their allotted SBA months of employment at the State-average salary and benefits, and then use the money for other purposes. This section would continue to allow conversions, but only at the equivalent amount for a beginning Principal III for converted principal positions, and the equivalent amount for a beginning assistant principal for cashed-out assistant principal positions.

(\$7,700,000) R (\$7,700,000) R

Senate Subcommittee on Education

FY 11-12

FY 12-13

20 Instructional Support

(\$22,934,278) R (\$23,149,479) R

Reduces this allotment, which supports guidance counselors, social workers, media specialists, and other miscellaneous personnel, by 5%. \$435.8 million will remain in this allotment in FY 2011-12 and \$439.9 million will remain available in FY 2012-13.

21 School Bus Replacement

(\$56,851,619) R
\$21,627,977 NR

Provides funding in FY 2011-12 for the purchase of approximately 400 replacement school buses. These buses shall be purchased without the use of extended financing. Additionally, provides funding for the financing payments due for previously purchased buses. Beginning in FY 2012-13, permanently eliminates State support for replacement of school buses not purchased before the end of FY 2010-11 and requires school bus purchases to become a local responsibility. The \$21.6 million in FY 2012-13 nonrecurring funding is sufficient to support all financing payments due for previously purchased buses.

22 Mentoring

(\$9,214,190) R (\$9,214,190) R

Eliminates funding for this allotment. School districts may use State and other funding sources to provide mentoring services for beginning teachers.

23 School Technology Fund

(\$10,000,000) R (\$10,000,000) R

Eliminates General Fund support for this purpose. An additional \$18.0 million for the Fund will remain available from the proceeds of the Civil Penalty and Forfeiture Fund.

24 Staff Development

(\$12,565,063) R (\$12,626,995) R

Eliminates funding for this allotment. School districts may use State and other funding sources to support professional development.

25 Uniform Education Reporting System (UERS)

(\$2,101,213) R (\$2,101,213) R

Reduces funding for the Uniform Education Reporting System (UERS) and the related NC WISE system as it moves into an operations and maintenance phase. This adjustment will leave \$10.3 million in annual appropriations available for UERS operations.

26 More at Four Funding Reduction

(\$16,000,000) R (\$16,000,000) R

Reduces More at Four General Fund support by \$16 million, or approximately 20%.

27 More at Four Transfer

(\$65,011,651) R (\$65,011,651) R

Transfers the remaining \$65 million in General Fund appropriations to the Department of Health and Human Service's Division of Child Development (DCD) to provide a dedicated high-quality pre-K program within its Child Care Subsidy program. In addition, Section 5.4 of the budget bill redirects \$63 million in Lottery funding for the program to DCD. A related provision in Section 10.7 of the bill details the particulars of the transfer.

56 Driver Education Program - Reduce Appropriated Transfer
Authorizes local education agencies (LEAs) to assess fees of up to seventy-five dollars (\$75.00) to program participants. Highway Fund appropriations are reduced per projected revenues of \$8,686,671 in FY 2011-12 and \$8,775,989 in FY 2012-13.  - (2) ways to hold high schools accountable for performance of students in higher education, including paying for developmental education; and
 - (3) the most cost-effective way to provide remedial education in higher education, including redirecting university appropriations for such education to community colleges.

The budget provides \$200,000 to hire an outside consultant for the study which much be reported by Ed Oversight to the 2012 General Assembly.

7.1A - Career and College Promise

- **Amends:** 115C-238.50, -238.50A, -238.51, -238.54 as well as changes to laws affecting community colleges in Chapter 115D.
- **Application/Effective date:** January 1, 2012, except Cooperative and Innovative High Schools approved prior to July 1, 2011, must meet new requirements by July 1, 2014; and community colleges shall generate budget FTE for instruction provided through Career and College Promise effective January 1, 2013, through June 30, 2015
- **LEA action required:** Modify any cooperative innovative high schools in the district as necessary to meet new requirements.
- **SBE/DPI action required:** Establish the Career and College Promise program in conjunction with the North Carolina Community College System (7.1A.(a)); adopt career and college ready standards (7.1A.(b), (c)); DPI and NC Community College shall jointly develop and implement accountability plan (7.1A.(d))
- **Summary:** The Career and College Promise, an initiative of Governor Perdue, consolidates and replaces existing high school transition programs to provide clear pathways for dual enrollment in high school and community college. Cooperative innovative high schools are redefined, including a new limit that it has no more than 100 students per grade level. Duties are specified for the higher education systems.

7.1B - Class Size Reduction for Grades 1-3

- **Amends:** 115C-
- **Application/Effective date:** N/A
- **LEA action required:** none
- **SBE/DPI action required:** none
- **Summary:** The special provisions of the budget bill include a statement of the intent of the General Assembly “to reduce class size in grades 1 through 3 to a class size allotment not exceeding 1:15 as funds become available.”

7.9 - Tuition Charge for Governor’s Schools

- **Amends:** 115C-115C-12(36)
- **Application/Effective date:** July 1, 2011
- **LEA action required:** none
- **SBE/DPI action required:** May implement tuition charge for students attending the Governor’s School to cover the costs of the School.
- **Summary:** The budget eliminates all state funding for the Governor’s Schools beginning in 2012. Tuition would need to increase substantially from \$500 in order to make up for the loss of a minimum of \$850,000 in state funding. About 600 students participate in the summer program. The State Board of Education is authorized to adopt tuition charges and will need to decide the future of the Governor’s School.

7.13A - Renewal Credits for Licensure

- **Amends:** Does not affect General Statutes
- **Application/Effective date:** July 1, 2011
- **LEA action required:** none – may want to advise teachers
- **SBE/DPI action required:** Revise board policy TCP-A-005/16 N.C.A.C. 6C.307, Policies regarding renewal requirements.
- **Summary:** The budget bill cuts in half the number of renewal credits for a North Carolina Standard Professional 2 professional educator’s license – from 15 to 7.5. Current board policy will need to be revised to reflect this change. The State Board also could adjust the amount of credit given for experience. Current policy provides that a unit of credit is equal to one-quarter hour or two-thirds of a semester hour of IHE credit, ten clock hours of professional development, or one school year of teaching experience.

7.13(aa), (bb), (cc)) - Elimination of Reporting Requirements – Technology Plan

- **Repeals:** 115C-102.6C, -102.6D(d); amends 115C-102.7
- **Application/Effective date:** July 1, 2011
- **LEA action required:** removes requirements
- **SBE/DPI action required:** Removes requirements; may need alternative means for monitoring compliance with technology funds.
- **Summary:** In order to reduce reporting requirements, the budget bill eliminates the local technology plan. School districts will still need plans for applying for e-rate and must be able to provide sufficient documentation of use of technology funds.

7.13(w), (x), (y), (z)) - Elimination of Reporting Requirements – Safe School Plan

- **Amends:** 115C-47(32(a), -105.27(b)(2), 105.46; repeals 115C-105.47
- **Application/Effective date:** July 1, 2011
- **LEA action required:** removes requirements - LEAs may want to consider how to continue useful parts of the plan.
- **SBE/DPI action required:** removes requirements
- **Summary:** In order to reduce reporting requirements, the budget bill eliminates the school district safe school plan. The plan required school districts to identify procedures for identifying and serving students who are at-risk, provide a plan for working with law enforcement, and identify

professional development related to the goals of the safe school plan. Earlier version of the budget bill also called for eliminating the school improvement plan and the personal education plans. These were restored in the technical corrections to the budget bill.

7.14 - School Building Administration

- **Amends:** Does not affect General Statutes
- **Application/Effective date:** July 1, 2011
- **LEA action required:** compliance with funding requirements
- **SBE/DPI action required:** DPI will implement and monitor compliance.
- **Summary:** For schools created after July 1, 2011, a school with fewer than 100 students in final average daily membership is not entitled to 12 months of employment for a principal. In transferring funds out of school building administration, the salary transferred shall be based on the first step of the assistant principal salary schedule/first step of the principal III salary schedule.

7.17 - School Calendar Pilot Program

- **Amends:** Does not affect General Statutes (but see other calendar legislation, Section 7.29(a) amending 115C-84.2)
- **Application/Effective date:**
- **LEA action required:** none
- **SBE/DPI action required:** Report to the Joint Legislative Education Oversight Committee by March 15, 2012, on the pilot program, including cost savings from consolidation of the school calendar and the impact on student achievement.
- **Summary:** This provision adds pilot programs for Stanly County Schools and Montgomery County Schools with the existing pilot for Wilkes County Schools for allowing a school calendar of 185 days or 1,025 hours of instruction. (See changes in calendar law applying to school districts requiring 185 days and 1,025 hours.) The State Board may approve a calendar waiver for up to five days or an equivalent number of instructional hours as teacher workdays.

7.22 - North Carolina Virtual Public Schools

- **Adds** G.S. 66-58(c) Repeals 7.4 of SL 2010-31.
- **Application/Effective date:** Fiscal year 2011-12
- **LEA action required:** None
- **SBE/DPI action required:** Implement allotment formula for NCVPS; establish a separate per student tuition for out-of-state students, home-schooled students, and private school students; direct NCVPS to develop and submit a plan to the Board by September 15, 2011, on generating revenue from the sale of courses to out-of-state educational entities.
Summary: This special provision of the budget bill revises the payment structure for NCVPS courses. (More information is available from the Financial and Business Services Division of DPI.)

7.23 - Performance-Based Reductions in Force - As amended by SL 2011-391 , H22, Section 16

- **Amends:** 115C-325(e)(2)
- **Application/Effective date:** July 1, 2011; board policy required by July 15, 2011
- **LEA action required:** a policy is required to be in place by July 15, 2011, that addresses criteria specified in law (see below).
- **SBE/DPI action required:** none
- **Summary:** This provision does two things: (1) it eliminates the priority given to career teachers for re-employment who have been dismissed due to a reduction in force as previously provided in 115C-325(e)(2); and (2) requires a Reduction in Force policy by July 15, 2011 that addresses criteria set out in the budget bill. House Bill 22 clarifies that this policy is for certified school employees. These provisions are not a part of the changes to 115C-325 so that it is necessary to review the budget bill for these requirements. They are as follows (verbatim other than the numbering):

“Structural considerations, such as identifying positions, departments, courses, programs, operations, and other areas where there are (i) less essential, duplicative, or excess personnel; (ii) job responsibility and/or position inefficiencies; (iii) opportunities for combined work functions; and/or (iv) decreased student or other demands for curriculum, programs, operations, or other services.”

“Organizational considerations, such as anticipated organizational needs of the school system and program/school enrollment.”

“In determining which employees in similar positions shall be subject to a reduction in force, a local school administrative unit shall consider work performance.”

7.25 - Residential Schools

(See also section 44 of the Money Report)

- **Amends:** Does not affect General Statutes
- **Application/Effective date:**
- **LEA action required:** none
- **SBE/DPI action required:** DPI shall report to Joint Legislative Education Oversight Committee by January 15, 2012, on its plan for closing one residential school and consolidating services at the remaining two residential schools; DPI must implement the closure and consolidation July 1, 2012.
- **Summary:** The Governor Morehead School for the Blind (in Raleigh) and the Eastern North Carolina School for the Deaf (in Wilson) and the North Carolina School for the Deaf (in Morganton) were transferred to the State Board on June 1, 2011, from the Department of Health and Human Services as a result of legislation passed last year. That legislation also eliminated the 15 positions in DHHS that supported the schools, along with all the principalships and over 60 other positions.

This year’s budget does not restore any of these positions, including the principalships at the schools. It instead takes the continuation budget that does not have these positions and then requires a 5% reduction. It further removes funding for the one central office position of superintendent and instead requires that these functions be performed by the director of one of the residential schools with a pay increase of \$20,000. No positions are given to the Department of Public Instruction to continue the services that had been provided by DHHS.

The Department of Public Instruction is directed to identify one of the three schools to close and to consolidate services at the remaining schools. Leaders in the General Assembly have indicated that they expect the Eastern School to be closed.

7.29 - Increase Number of Instructional Days

- **Amends:** 115C-84.2
- **Application/Effective date:** July 1, 2011
- **LEA action required:** amend school calendar
- **SBE/DPI action required:** waiver process
- **Summary:** The budget bill increases the instructional days in the school calendar from 180 to 185 and the instructional hours from 1000 to 1025. Except for year-round schools, these days must occur within the existing legal requirements of beginning no sooner than August 25 or closing no later than June 10. These additional days are created by removing five protected teacher workdays. No additional funds are provided in the budget for transportation or other expenses incurred in holding school on these days. The legislation does provide authority for the State Board to grant a waiver for up to five instructional days to be used as teacher workdays if the State Board finds that it will enhance student performance to do so. The State Board set policy on this issue on June 24 and will act on any individual waiver requests at the July and August Board meetings.

10.7 - Consolidate More at Four Program into Division of Child Development

- **Amends:** 143B-168.4
- **Application/Effective date:** July 1, 2011
- **LEA action required:** determine participation in program, meet new requirements
- **SBE/DPI action required:** transfer program
- **Summary:** The budget bill transfers the More at Four pre-kindergarten program to the Department of Health and Human Services. It also reduces funding by 20% and shifts the program from a free prekindergarten program for at-risk children to a child-care subsidy model in which no more than 20% of the children can be at-risk. The State Board opposed this move as it affects the ability of school districts and the department to effectively combine the program with federal funds and requirements, including Head Start, Title I, and Exceptional Children. Research has found the More at Four prekindergarten program to be highly effective given its alignment with K-3. As a part of the ongoing *Leandro v. State* litigation, Judge Manning has ruled that the 20% cap and any other provisions that create artificial barriers for students who are at-risk are unconstitutional. The trial court further found held that all at-risk four year olds must have access to the prekindergarten program. The State has given notice of appeal. The State Board of Education was not a part of making this appeal.

28.36 – Cost-Efficient Tire Retreads on State Vehicles and School Buses

- **Amends:** 143-63.2, 115C-249.1
- **Application/Effective date:** July 1, 2011
- **LEA action required:** Must comply with standards in tire purchase, repair, or refurbishment
- **SBE/DPI action required:** none related to school buses
- **Summary:** This legislation sets a standard for tires for school buses that the sidewall cannot be repaired or recovered in a way that would cover critical information on the sidewall. This standard does not affect the use of tires already purchased or legally binding contracts in place for future purchases; however, the standard must be met in all other future contracts with suppliers.

28.37 - Driver Education Reform - As amended by SL 2011-334, SB 339

- **Amends:** 115C-215, -216
- **Application/Effective date:** July 1, 2011
- **LEA action required:** Must implement standardized curriculum provided by the Department of Public Instruction.
- **SBE/DPI action required:** The State Board shall (1) establish and implement strategic plan for the driver education program and approve criteria and standards for the program; (2) adopt the required curriculum; and (3) adopt the salary range for delivery of driver education courses based on instructor's qualifications and license for driver's education. The State Superintendent shall organize and administer the standardized driver education program.
- **Summary:** The driver education law, 115C-215, is rewritten to require a standardized curriculum that meets specific requirements in the law. Local boards are required to implement this program. These provisions originally were in SB 339 but were later incorporated into the budget bill. Senate Bill 339 was then stripped to address only a new issue of the payment of instructors. This requires that the "salary range shall be based on the driver education instructor's qualifications, certification, and licensure specific to driver education." The intent is to avoid paying teachers differently based upon their qualifications and experience in their primary role with the school district.

29.18 - All Furloughs Prohibited Except as Ordered to Balance the Budget/Benefits Protection for

Furloughed Personnel

- **Amends:** Does not affect General Statutes
- **Application/Effective date:** July 1, 2011
- **LEA action required:** only as directed by the Governor
- **SBE/DPI action required:** None
- **Summary:** Unlike last year, school districts may not implement a furlough of employees paid by State funds unless ordered by the Governor. A furlough is defined as “a temporary, involuntary period of leave from employment without pay but shall not include any period of involuntary leave resulting from disciplinary action.”

HB 22 ~ SESSION LAW 2011-391

Transfer of Federal Agricultural Education Funds

- **Amends:** Does not affect General Statutes
- **Application/Effective date:** July 1, 2011
- **LEA action required:** none
- **SBE/DPI action required:** Transfer funds to the Department of Agricultural and Extension Education at NCSU.
- **Summary:** This special provision in the budget bill requires that the Department of Public Instruction transfer \$90,500 to the Agricultural Education and FFA Program and NCSU to support the secondary Agricultural Education Program. In House Bill 200 (budget bill), it required a portion of federal grants to be shared with NCSU. As this would violate federal law, the language was changed to the specific amount in the technical corrections. However, issues remain with a transfer of funds.

HB 48 ~ SESSION LAW 2011-8

No Standardized Testing Unless Req'd by Feds

An Act to reduce spending by eliminating statewide standardized testing in the public schools, except as required by federal law or as a condition of a federal grant.

- **Amends:** 115C-174.11 (See also SB 479 (SL 2011-280) Testing in Public Schools and HB 588 (SL 2011-273) The Founding Principles Act)
- **Application/Effective date:** Applies beginning with the 2011-2012 school year.
- **LEA action required:** None – may want to consider any eliminated tests to continue at the local level.
- **SBE/DPI action required:** Elimination of tests; report of strategies to education committees.
- **Summary:** This bill passed early in the legislative session with bi-partisan support but was not signed by the Governor. It eliminates four of seven high school tests (United States History, Civics and Economics, Algebra II, and Physical Science). It further prohibits the State Board from requiring any other tests except those required by federal law or as a condition of a federal grant. The State Board opposed the bill as it eliminates the only remaining tests in history and that the four tests were an important part of the high school accountability model. The legislation required the Department of Public Instruction to consider alternative strategies and report to the education committees by June 1. The Department submitted draft legislation in response, proposing a system of alternative assessments that included diagnostics and nationally benchmarked tests. This was passed as SB 479.

HB 181 ~ SESSION LAW 2011-121

Add Supt. to NC Econ. Dev. Bd.

An Act to add the State Superintendent of Public Instruction to the Economic Development Board, as recommended by the Joint Legislative Joining Our Businesses and Schools (Jobs) Study Commission.

- **Amends:** 143B-434(b)
- **Application/Effective date:** When it becomes law (June 13, 2011)
- **LEA action required:** none
- **SBE/DPI action required:** The State Superintendent will participate on the Economic Development Board.
- **Summary:** This legislation amends the current statute on the Economic Develop Board to add the Superintendent of Public Instruction, or designee, to the Board. As indicated in the long title, this addition is recommended by the Joint Legislative Joining our Businesses and Schools (JOBS) Study Commission.

HB 197 ~ SESSION LAW 2011-93

School Calendar Flexibility/Inclement Weather

An Act to give certain local boards of education additional flexibility with regard to instructional time lost due to inclement weather.

- **Amends:** 115C-84.2, -238.29F(d)(1) (Sections also amended by HB 200, Sec. 7.29)
- **Application/Effective date:** Applied to the 2010-2011 school year only
- **LEA action required:** optional
- **SBE/DPI action required:** none
- **Summary:** This bill provided flexibility in instructional hours and days due to inclement weather and destruction due to storms and flooding. As it made its way through the committees, a number of legislators noted that it would make more sense to make permanent changes in the law rather than this process of annually identifying exemptions.

HB 342 ~ SESSION LAW 2011-306

High School Accreditation

An Act prohibiting any public institution of higher education from soliciting or using information regarding the accreditation of a secondary school attended by a student as a factor affecting admissions, loans, scholarships, or other educational activity at the public institution, unless the accreditation was conducted by a state agency; authorizing the State Board of Education to accredit schools in a local school administrative unit at the request of and at the expense of that unit; and modifying the budget of the Department of Public Instruction accordingly.

- **Amends:** 115C-12(38), 116-11, 115D-1.3 (See also SB 479, HB 338)
- **Application/Effective date:** Applies beginning with the 2011-2012 school year
- **LEA action required:** option for accreditation
- **SBE/DPI action required:** Use funds available within its budget to establish position to coordinate accreditation process; provide accreditation service upon request of local boards of education
- **Summary:** Representative Blackwell sponsored this legislation to address the issue of schools not receiving accreditation because of the conduct and processes of the local board of education. (Representative Blackwell also sponsored HB 338, S.L. 2011-157, providing a process for the recall of members of the Burke County Board of Education.) This legislation requires the State Board to provide accreditation services based on "rigorous academic standards." Those standards include the Common Core State Standards that the State Board has adopted. (See SB 479 that requires the State Board to continue this work.) The local board requesting the service must compensate the State Board for the actual costs. The legislation further provides that universities and community colleges in the state system may not use information regarding accreditation.

HB 344 ~ SESSION LAW 2011-395

Tax Credits for Children with Disabilities

An Act to allow an individual income tax credit for children with disabilities who require special education and to create a fund for special education and related services.

- **Adds new section:** 105-151.33, 115C-472.15 (also revises HB 200 by adding Section 7.31 on ADM adjustment)
- **Application/Effective date:** Applies to semesters for which credit is claimed beginning on or after July 1, 2011; specific other dates apply to other provisions
- **LEA action required:** conduct reevaluations for continued eligibility
- **SBE/DPI action required:** Manage "Fund for Special Education and Related Services".
- **Summary:** Representative Stam has introduced similar legislation in prior sessions and had a broader bill this session for tuition tax credits. This legislation provides a tax credit for up to \$3000 per semester as reimbursement for actual expenses for a child with a disability whose individualized education program developed at a public school provides for special education or related services on a daily basis. For initial eligibility for the tax credit, the child must have attended at least the two preceding semesters in a public school. Beginning in 2016, this initial eligibility is reduced to one semester. The tax credit can be claimed for tuition at a private school or for special education and related service expenses for a child who is home-schooled; it is not a flat rate, but rather expenses

must be documented. The child also must be reevaluated by the local education agency every three years to verify that the child continues to have a disability as defined by law. The cost of the reevaluation is intended to be covered by the “Fund for Special Education and Related Services,” a fund held by the State Board from a portion of the income tax collections.

HB 427 ~ SESSION LAW 2011-271

Run and You’re Done

An Act to provide for the seizure, forfeiture, and sale of motor vehicles used by defendants in felony cases involving speeding to elude arrest.

- **Amends:** 20-141.5
- **Application/Effective date:** Applies to offenses committed on or after December 1, 2011.
- **LEA action required:** none
- **SBE/DPI action required:** none
- **Summary:** This legislation adds a new impoundment and sale of motor vehicles with the net proceeds going to the fines and forfeitures fund. “Run and you’re done” applies to felony violations of speeding to elude arrest.

HB 588 ~ SESSION LAW 2011-273

The Founding Principles Act

An Act to enact the Founding Principles Act.

- **Amends:** 115C-81(g)
- **Application/Effective date:** Applies beginning with the 2014-2015 school year
- **LEA action required:** none until implementation in 2014-2015
- **SBE/DPI action required:** Meet curriculum requirements of the legislation and provide biennial report by October 15 of each odd-numbered year to the Joint Legislative Education Oversight Committee.
- **Summary:** The Founding Principles Act requires a semester course that includes specified founding principles and a review of contributions made by Americans of all races. A passing grade is required for graduation. It also requires that any high school level curriculum-based tests beginning with the 2014-2015 academic year include questions related to the philosophical foundations and principles of the U.S. Constitution and other documents. Other legislation passed this session (HB 48) removed history tests and prohibits the State Board from administering any new tests.

HB 595 ~ SESSION LAW 2011-291

Reorganization/Legislative Oversight Comms.

An Act changing the structure of certain legislative committees and commissions, transferring the duties of certain committees and commissions to other committees and commissions, changing the composition of various legislative committees and commissions, and making conforming changes.

- **Amends:** 120-31
- **Application/Effective date:** Effective when it becomes law (June 23, 2011)
- **LEA action required:** none
- **SBE/DPI action required:** none
- **Summary:** This bill reorganizes and consolidates various legislative commissions and committees. The responsibilities of the Joint Legislative Education Oversight Committee is expanded by including the duties of the prior Legislative Study Commission on Children and Youth. Education Oversight continued to consist of 22 members – 11 from each chamber. The one change is on the Senate side, now 3 (instead of 2) shall be members of the minority party.

HB 720 ~ SESSION LAW 2011-379

School and Teacher Paperwork Reduction Act

An Act to enact the School and Teacher Paperwork Reduction Act.

- **Amends:** 115C-12, -47, -105.27, -302.1 (See also HB 200, Section 7.13)
- **Application/Effective date:** Applies beginning with the 2011-2012 school year
- **LEA action required:** Prior to the beginning of each school year, the local board make available software protocols that can minimize repetitious data entry by teachers.
- **SBE/DPI action required:** Adopt policies for consolidation of applications for State funding; report to Joint Legislative Education Oversight Committee by November 15 of each year on reports consolidated or eliminated for the upcoming school year.
- **Summary:** The legislation requires the State Board to (1) allow electronic submission of all reports; (2) to “consolidate all plans that affect the school community;” and (3) adopt policies for consolidation of applications for State funding. Further, if the school improvement plan adequately covers another required plan, the school administrative unit shall not be required to prepare an additional plan. New statutory local board duties (115C-47) requires local boards to identify and make available to teachers software protocols to minimize repetitious data entry and to monitor access to these protocols.

In other legislation related to paperwork, the budget bill eliminates the local technology plan and the safe school plan. The school improvement plan, which was eliminated in the Senate version of HB 200, but was restored in the technical corrections bill, HB 22.

This bill (HB 720) also eliminates pre-payment of teachers, beginning July 1, 2012. This does not prevent paying teachers for 10 months over 12 months. However, school districts will need to adjust accounting and payroll systems to comply with the prohibition against pre-payment.

HB 736 ~ SESSION LAW 2011-282

Amend Law Re: School Discipline

An Act to reorganize the general statutes relating to school discipline; prevent litigation by adding definitions to and clarifying ambiguities in the current law; codify existing case law; and increase local control and flexibility regarding discipline.

Repeals: 115C-390 and -391 and adds sections 115C-390.1-390.12 and conforming changes to 115C-391.1, -12(27), -45(c), -238.29B (b) (11), -238.29F (g) (7), -276(r), -299(e), -366, -402(b), -208.19(f), and 20-11(n1)d.2.

Application/Effective date: Applies beginning with the 2011-2012 school year

LEA action required: Provide corporal punishment opt-out form; local board policies likely will have to be rewritten to reflect changes in the laws; report to State Board on use of corporal punishment.

SBE/DPI action required: Incorporate corporal punishment data in student discipline reports.

Summary: This is an extensive revision of student discipline laws. It was drafted in advance of the session by groups representing the interests of parents/students, teachers, school administrators, and local boards of education. As a consensus bill, it gained bipartisan support and the conference report was adopted 47-0 in the Senate and 112-1 in the House. The following are some of the major changes:

- Parents may elect out of the use of corporal punishment by returning a form provided at the beginning of the school year or when the student first begins to attend that year (115C-390.4)
- Local boards must annually report to the State Board of Education on the use of corporal punishment (see details in 115C-290.4(c))
- Local board policy may not allow for suspension of student for more than two days solely for truancy or tardiness offenses (115C-390.2)
- Local board policies cannot be zero tolerance for long-term suspensions: they must allow the principal and superintendent to consider issues such as the student’s intent and disciplinary and academic history (see 115C-390.2(g) for full list)
- Local board policies can only provide for long-term suspension or expulsion if the conduct meets the standard set in the law: threatens the safety of students, staff, or school visitors or threatens to substantially disrupt the educational environment (See 115C-390.2 for list of examples)

- Allows continuation of a long-term suspension through the first semester of the following school year for offenses that occurred in the last quarter of the year (115C-390.1(b)(6))
- Eliminates 365-days suspensions except as required by federal law for gun possession.
- Revises the process for requests for re-entry after expulsion and makes the same process available for 365-day suspensions.

In its final form, the bill changes current law, making it mandatory for the principal to require the parent to furnish a certified copy of the child's birth certificate. It does, however, permit when the certificate is not available for school authorities to accept "competent and verifiable evidence as secondary proof of age, specifically including but not limited to: (i) a certified copy of any medical record of the child's birth issued by the treating physician or the hospital in which the child was born, or (ii) a certified copy of a birth certificate issued by a church, mosque, temple, or other religious institution that maintain birth records of its members." The bill is silent on the time period for the parent to produce the birth certificate. (By contrast G.S. 130A-155 provides 30 days for immunization records).

- The SBE shall authorize participating local school administrative units to implement flexible attendance requirements for students participating in the pilot program; the SBE can operate the program or it can be operated through the contracting school administrative unit.
- **Summary:** This legislation provides for New Hanover County Schools and three other school administrative units selected by the State Board to participate in a pilot program to bring back students who have dropped out of school. These students would go to an "education partner," which can be a nonprofit or for-profit entity, which would provide flexible scheduling and a blended learning environment. The student will be included in the ADM of the school district and 95% of funds transferred to the educational partner. The school administrative unit is also responsible for

issuing the diploma. The law is silent on what rights the student has while participating in the program, such as in issues of student discipline or disability laws. These kinds of issues of are being addressed in the contract required by the State Board of Education.

SB 8 ~ SESSION LAW 2011-164

No Cap on the Number of Charter Schools

An Act to remove the cap on the number of charter schools.

- **Amends:** 115C-238.29D, 115C-105.37B
- **Application/Effective date:** July 1, 2011
- **LEA action required:** none
- **SBE action required:** The State Board is required to report on its application process and results to the General Assembly by May 10, 2012, and June 11, 2012. While the law does not establish parameters for an advisory council, the State Board also is required to report on the composition and use of such a council. The State Board and DPI must address new standards in the law and create processes to address the lifting of the cap on the number of charter schools.
- **Summary:** Senate Bill 8 was one of the most controversial education bills of this session. Starting as a bill that simply lifted the cap, it quickly turned into a 22-page bill that fundamentally altered governance and funding of charter schools. These issues, along with concerns regarding virtual schools, quality standards, and equal access, led to House and Senate versions that while quite different from each other, did not satisfy the vast majority of Democrats and caused vehement opposition from education associations representing the interests of school districts. The State Board opposed changes in governance that could lead to a dual system of schools.

After being parked in a conference committee for almost two months, the bill emerged on June 9 as a bill just a little over two pages in length. This version received unanimous support in the Senate, and passed 108 to 5 in the House. The Governor signed the bill June 17, recognizing the long road that led to a workable bill.

This bill does the following:

- (1) completely lifts the cap (i.e. no prescribed limitations per year;
- (2) gives the State Board full authority in the approval of charter applicants, so long as they meet the statutory requirements;
- (3) enables charter schools to grow up to 20% more than what was provided in their charter application or above their previous year's enrollment without seeking a waiver (instead of 10% as previously provided by law);
- (4) sets minimum academic performance standards that must be met and gives authority to the State Board to revoke or not renew a charter that fails to meet these standards; and
- (5) requires the State Board to report back to the General Assembly on its processes and the results of the application process of 2012.

The State Board will begin the process of addressing these issues at the July 7, 2011, Board meeting.

SB 49 ~ SESSION LAW 2011-64

Increase Fine for Speeding/School Zones

- **Amends:** 20-141.1

SB 125 ~ SESSION LAW 2011-241

Regional Schools

An Act to permit local boards of education to jointly establish regional schools.

- **Adds:** 115C-238.56A-N; rewrites 114-19.2, 115B-2, 115C-238.50A, 126-5(c1)
- **Application/Effective date:** Effective when it becomes law (June 23, 2011)
- **LEA action required:** No action required, but provides opportunity to create regional schools; the local school administrative unit identified as the finance agent shall have all duties specified in Article 31.
- **SBE/DPI action required:** The SBE shall approve the creation of a regional school upon receiving resolutions from all local boards identified in the resolution; shall allocate funds to the regional school based on funding requirements specified in the law.
- **Summary:** This bill was originally entitled, "NC School of Biotechnology and Agriscience," and was based on an extensive report, "Establishing a Regional School of Agriscience and Biotechnology: Solving Key Problems to Enable Success." The intent was to set up the structure for a partnership between school districts in the Northeast in partnership with North Carolina State University. With some uncertainty as to whether those districts would want to participate as the details of the legislation were considered, the bill was expanded to provide a model for any two or more school districts to develop regional schools. The purpose is to provide an opportunity to combine resources and collaborate with other partners in higher education or private businesses or organizations in order to expand opportunities for students.

The regional school may set priorities for student attendance for first-generation students and must consider demonstrated academic achievement and student interest and parental support for attendance. The funding model is similar to charter schools, requiring the transfer of funding received on an ADM basis. It also adds the requirement to develop a plan for transportation and, to the extent practicable, to provide school food services. No employees of the regional school are eligible for career status with that school. The board of directors is a separate corporate entity apart from the local boards or other partners. This is a complex statute and any local board considering involvement will want to understand all implications of developing a regional school.

SB 182 ~ SESSION LAW 2011-54

Statewide Email Subscription Lists

An act to make effective statewide a local act providing that a list of the e-mail addresses of persons subscribing to local government e-mail lists is open to public inspection but is not required to be provided, and to provide that the local government may use that list only for the purpose that it was subscribed to.

- **Amends:** 132-1.13
- **Application/Effective date:** Effective when it becomes law (April 28, 2011)
- **LEA action required:** Sets requirements for use and access of subscriber lists; determine whether inspection of list will be made available in electronic or printed format or both.
- **SBE/DPI action required:** none
- **Summary:** This legislation amends the public records law regarding electronic subscription mailing lists. All local government units that maintain an electronic list of individual subscribers must make the list available for public inspection in either printed or electronic format (as decided by unit): it does not require that schools or other local government provide copies of the list. It also requires local government to only use the subscriber list for the purpose for which it was subscribed to or for public safety or health emergencies or to inform subscribers of other lists available if the list is deleted.

SB 243 ~ SESSION LAW 2011-285

Public-Private Partnerships for Schools

An act to extend the sunset on the law allowing capital lease financing for public schools

- **Amends:** S.L. 2006-232
- **Application/Effective date:** Effective when it becomes law (June 23, 2011)
- **LEA action required:** Continues previous options.
- **SBE/DPI action required:** none
- **Summary:** This bill moves the sunset for the 2006 session law of the same title from July 1, 2001, to July 1, 2015. This law allows capital leases for new or existing buildings. While it extends the timeframe to utilize this method, the requirements create barriers for creating an affordable plan for obtaining facilities with through this law.

SB 339 ~ SESSION LAW 2011-334

Driver Education Reform

- **Amends:** 115C-215, -216
- **Application/Effective date:** July 1, 2011
- **LEA action required:** Must implement standardized curriculum provided by the Department of Public Instruction.
- **SBE/DPI action required:** The State Board shall (1) establish and implement strategic plan for the driver education program and approve criteria and standards for the program; (2) adopt the required curriculum; and (3) adopt the salary range for delivery of driver education courses based on instructor's qualifications and license for driver's education. The State Superintendent shall organize and administer the standardized driver education program.
- **Summary:** The driver education law, 115C-215, is rewritten to require a standardized curriculum that meets specific requirements in the law. Local boards are required to implement this program. These provisions originally were in SB 339 but were later incorporated into the budget bill. Senate Bill 339 was then stripped to address only a new issue of the payment of instructors. This requires that the "salary range shall be based on the driver education instructor's qualifications, certification, and licensure specific to driver education." The intent is to avoid paying teachers differently based upon their qualifications and experience in their primary role with the school district.

SB 394 ~ SESSION LAW 2011-248

Clarify Process/Reportable Offenses in School

An Act to clarify the requirement that school principals report certain acts to law enforcement.

- **Amends:** 115C-288(g)
- **Application/Effective date:** Applies beginning with the 2011-2012 school year
- **LEA action required:** removes requirements
- **SBE/DPI action required:** State Board Policy HRS-A-000 must be modified not to require any additional reporting to law enforcement.
- **Summary:** This bill was sought by school administrators and others to address concerns regarding implementation of state law and State Board policy on reportable offenses. It limits the kinds of crimes that must be reported by principals to those listed in the statute, which are all serious crimes, such as rape or assault resulting in serious injury. The State Board's policy had required that any criminal offense be reported. This policy will be changed to conform to the new requirement. The law expands when the principal has sufficient information to believe a serious crime has been committed, adding to "personal knowledge" and "actual notice" a broader standard of "reasonable belief." This standard had previously been in the law but was removed at the same time that it was made a misdemeanor for failure to report. This legislation also removes this criminal penalty but provides that willful failure to make a report can be the basis for demotion or dismissal. While no longer required, LEAs may want to continue to pursue understandings with their law enforcement for reporting of crimes not covered by the statute.

SB 415 ~ SESSION LAW 2011-342

Eliminate Cost of Reduced Price School Meals

An Act to eliminate the cost of reduced price lunches for school children who qualify for reduced price meals.

- **Amends:** S.L. 1999-235, sec. 8.26
- **Application/Effective date:** July 1, 2011
- **LEA action required:** use funds appropriated for school breakfasts to provide breakfasts at no costs to the extent funds are available.
- **SBE/DPI action required:** Report by November 15, 2011, to Joint Legislative Education Oversight Committee and Joint Legislative Commission on overview of federally supported food service programs; participate in audit of the Division of School Support, Child Nutrition Services to determine if local school administrative units' participation effectively serves intent of General Assembly and complies with federal and State law and regulations.
- **Summary:** Different versions of this bill worked their way through the legislature. The final version requires that breakfast be provided at no cost to students of all grade levels qualifying for reduced-price meals. If funds are insufficient, local programs shall charge the allowable amount.

These funds will be allotted to each eligible School Food Authority (SFAs) – including charter schools - based on the number of students eligible for reduced-price meals as of September 30, 2010. This allotment plan will ensure that all SFAs receive an equitable allocation of the available funds. For every breakfast meal served to an eligible child, the State allocation will pay \$.30 and the SFA will draw down an additional \$1.46 in Federal funds in severe need schools and \$1.18 in non-severe need schools. (Currently 80% of all schools are eligible for severe need rates.)

The current allocation is adequate as long as reduced price breakfast meal participation remains at approximately 30% – 35%. If student meal participation increases, LEAs will have the option of using all or a portion of the current required State Revenue Match to continue the program for the duration of the school year (as opposed to ending the program mid-year). The current State Revenue Match requirement is in the amount of \$45,000 annually to be deposited from each LEA's Central Office Allotment into the non-profit Child Nutrition Account). In the event the LEA uses all \$45,000 for this purpose, the district will draw down an additional \$219,000 (severe need schools) or \$177,000 (non-severe need schools) in Federal funds, thus quadrupling or tripling the district's initial investment.

In a committee meeting discussion, some legislators made clear their concern that there may be some families fraudulently obtaining eligibility. The audit required in Section 3 of the report appears to be targeted towards this concern.

SB 466 ~ SESSION LAW 2011-348

Modify Teacher Career Status Law

An Act to modify the law relating to career status for public school teachers.

- **Amends:** 115C-276, -288, -296, -325, -333, -333.1, -334, -335
- **Application/Effective date:** July 1, 2011
- **LEA action required:** May adopt policies for mandatory improvement plans; shall create list of qualified observers from recommendations submitted by school improvement teams; must follow the detailed provisions for dismissal of probationary and tenured teachers.
- **SBE/DPI action required:** Develop guidelines to assist local boards in evaluating teachers and developing effective mandatory improvement plans. Annually notify all local boards with the names of teachers dismissed for any reason other than a reduction in force. If a local board hires one of these teachers, the State Board shall review and provide recommendations to the superintendent on the mandatory improvement plan that the law requires the superintendent to develop. The State Board shall initiate license revocation in prescribed circumstances. More detailed requirements are provided for selection of hearing officers and enforcing statutory requirements for performance of hearing officers.

- **Summary:** This bill revises statutes related to the teacher dismissal process and evaluation. It was offered as consensus legislation by organizations representing school boards, school administrators, and teachers. It includes the following:
 1. For career teachers, inadequate performance is defined as the failure to meet a proficient level on any standard of the evaluation instrument unless the principal noted on the instrument that the teacher is making adequate progress toward proficiency given the circumstances. This might apply, for example, if new curriculums were implemented or the teacher was teaching a new subject or grade level.
 2. For probationary teachers, the superintendent or designee may deem whether failure to meet a proficient level on any standard of the evaluation instrument is “inadequate performance” or is “adequate at that stage of development.”
 3. Evaluation requirements for teachers are made consistent with Race to the Top grant requirements by providing that the frequency of evaluation must be consistent with state or federal requirements.
 4. Detailed provisions are provided for implementing a “mandatory improvement plan” when a teacher’s performance is not satisfactory. This includes the use of “qualified observers.”
 5. Local boards shall identify teachers and administrators to be on the list of qualified observers. These teachers and administrators shall have excellent reputations for competence and fairness. (Note: SB 466 called for School Improvement Teams to develop the lists but provided that if HB 200 passed, local boards would develop the list. This was necessary as HB 200 had a provision eliminating School Improvement Teams. HB 200 did pass. HB 22 then repealed the provisions in HB 200 that eliminated the School Improvement Teams. However, a literal reading would still provide for the local boards to develop the list.)
 6. Any teacher – other than one assigned to a low-performing school - has a right to be observed by a qualified observer in the areas identified on the mandatory improvement plan.
 7. The hearing process is modified, providing for a hearing officer (instead of a case manager) and giving more stringent requirements for qualifications and for meeting deadlines.

SB 479 ~ SESSION LAW 2011-280

Testing in Public Schools

An Act to provide for the assessment of career and college readiness with nationally and internationally benchmarked tests; the continuation of North Carolina's participation in the development and implementation of tests related to common core state standards adopted by a majority of states; a pilot study of a new assessment of U.S. History based on the revised curriculum and that assesses critical thinking and writing skills; and diagnostic tools to assist in teaching and student learning.

- **Amends:** 115C-174.11, -174.20, -174.25 (also repeals duplicative provision in HB 200, Section 7.30)
- **Application/Effective date:** July 1, 2011
- **LEA action required:** No immediate action.
- **SBE/DPI action required:** Continue to participate in the development of Common Core State Standards; implement other assessments as funds are available; could look for non-state funding for assessments.
- **Summary:** This legislation was introduced after House Bill 48 removed four end of course tests in high school. Receiving bi-partisan support, it passed the Senate 43-0 and House 103-1. It does not appropriate any funds: it provides that, as funds are available, the State Board shall plan for the administration of the ACT test in the 11th grade, diagnostics aligned with this test in the 8th and 10th grade, and WorkKeys for those in the vocational courses. These assessments are nationally and internationally benchmarked and relate to the Common Core State Standards adopted last year by the State Board of Education. They will provide for assessment in areas previously tested in the end of course high school tests, except in history. The General Assembly has prohibited testing of this subject at any grade level. (See also HB 588 The Founding Principles Act)

SB 498 ~ SESSION LAW 2011-270

Modify Law Re: Corporal Punishment

An act to require the involvement of a parent or guardian before school officials may administer corporal punishment on a student.

- **Amends:** 115C-391(a)(5) (Same provision is in comprehensive legislation, HB 736/SL 2011-282)
- **Application/Effective date:** Applies beginning with the 2011-2012 school year
- **LEA action required:** Provide form at the beginning of school year or when student first enters to allow parents to make the election not to allow corporal punishment.
- **SBE/DPI action required:** none (Requirements related to corporal punishment are included in HB 736)
- **Summary:** This legislation modifies the law regarding corporal punishment. This gives parents the option to opt out of allowing corporal punishment. The North Carolina School Boards Association opposes banning corporal punishment. This legislation provided a compromise in positions expressed by interest groups as well as legislators. School districts will need to develop a form that parents can sign to opt out of corporal punishment. The form must alert parents that for the same behavior, suspension could be required.

SB 597 ~ SESSION LAW 2011-

Behavioral Health Services for the Military

An act to ensure that the behavioral health needs of members of the military, veterans, and their families are met.

- **Amends:** 115C-47 by adding new subdivision (60), 115C-12 by adding new subdivision (38)
- **Application/Effective date:** October 1, 2011
- **LEA action required:** New annual report requirement on training on needs of military
- **SBE/DPI action required:** New annual report requirement to Education Oversight based on information submitted by local boards
- **Summary:** Section 9 of this bill addresses report requirements of local boards and the State Board. It requires local boards to identify the number of students with immediate family members in the Armed Forces (active or reserve) as well as whether the LEA has at least one member trained on the unique needs of children in the military (described in greater detail in the legislation) and the extent of training that employee(s) has provided training to other staff.

SB 726~ SESSION LAW 2011-354

Multiple Birth Sibling Classroom Placement

An Act to allow parents or guardians to make the decision regarding classroom placement for multiple birth siblings.

- **Adds new section:** 115C-366.3
- **Application/Effective date:** July 1, 2011
- **LEA action required:** Processes at the school level for addressing placement of multiple birth siblings.
- **SBE/DPI action required:** none
- **Summary:** This legislation gives parents of multiple birth siblings the ability to specify whether these siblings are placed in the same or separate classrooms in their initial school placement. The principal must accept this request if made within the first 5 days before school begins or if made within 5 days if the students begin after the school year commences, with the only exception being if separate placement would require the school to create an additional class. After the first grading semester, the principal has authority to separate multiple birth siblings if they are causing a disruption. There is no authority for the principal to change placements based upon other factors, such as the educational appropriateness of the placement. Note that this law only addresses initial school placement so that decisions afterwards regarding placement should be under the principal's authority to grade and classify in G.S. 115C-288(a).

CLASS SIZE REDUCTION FOR GRADES 1-3

SECTION 7.1B. The General Assembly finds that educational research has shown that small classes of 15 or fewer students result in marked improvement in learning in grades 1-3, as measured by standardized tests in reading and mathematics, that the advantages gained from being in small classes have been shown to have a lasting benefit into the later years of students' lives, and that these studies have shown that small classes have a particularly beneficial effect on the academic achievement of children from disadvantaged backgrounds. The General Assembly further finds that larger class sizes allow less time to develop relationships with students, colleagues, and parents, and prevent the implementation of new and more dynamic and individualized teaching strategies and techniques. Therefore, it is the intent of the General Assembly to reduce class size in grades 1 through 3 to a class size allotment not exceeding 1:15 as funds become available.

FUNDS FOR CHILDREN WITH DISABILITIES

SECTION 7.2. The State Board of Education shall allocate additional funds for children with disabilities on the basis of three thousand five hundred eighty-five dollars and eighty-eight cents (\$3,585.88) per child. Each local school administrative unit shall receive funds for the lesser of (i) all children who are identified as children with disabilities or (ii) twelve and five-tenths percent (12.5%) of its 2011-2012 allocated average daily membership in the local school administrative unit. The dollar amounts allocated under this section for children with disabilities shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve children with disabilities.

FUNDS FOR ACADEMICALLY GIFTED CHILDREN

SECTION 7.3. The State Board of Education shall allocate additional funds for academically or intellectually gifted children on the basis of one thousand one hundred ninety-two dollars and ninety cents (\$1,192.90) per child for fiscal year 2011-2012 and one thousand one hundred ninety-two dollars and ninety cents (\$1,192.90) per child for fiscal year 2012-2013. A local school administrative unit shall receive funds for a maximum of four percent (4%) of its 2011-2012 allocated average daily membership, regardless of the number of children identified as academically or intellectually gifted in the unit. The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

If a county contains only part of a local school administrative unit, the average daily membership of that county includes all students who reside within the county and attend that local school administrative unit.
- (6) "County-adjusted property tax base" shall be computed as follows:
 - a. Subtract the present-use value of agricultural land, horticultural land, and forestland in the county, as defined in G.S. 105-277.2, from the total assessed real property valuation of the county.
 - b. Adjust the resulting amount by multiplying by a weighted average of the three most recent annual sales assessment ratio studies.

 - c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth.
 - d. Add the three weighted percentages to derive the county wealth as a percentage of the State average wealth.
- (9) "Effective county tax rate" means the actual county tax rate multiplied by a weighted average of the three most recent annual sales assessment ratio studies.
- (10) "Effective State average tax rate" means the average of effective county tax rates for all counties.
- (11) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.
- (12) "Per capita income" means the average for the most recent three years for which data are available of the per capita income according to the most recent report of the United States Department of Commerce, Bureau of Economic Analysis, including any reported modifications for prior years as outlined in the most recent report.

If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.4.(c) Eligibility for Funds. – Except as provided in subsection (g) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.4.(d) Allocation of Funds. – Except as provided in subsection (f) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county's wealth as a percentage of State average wealth by the State average current expense appropriations per student.) The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 7.4.(f) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only. This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws. If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 7.4.(g) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2011-2013 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if the following apply:

- (1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
- (2) The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

SECTION 7.4.(h) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2012, if it determines that counties have supplanted funds.

SECTION 7.4.(i) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

SECTION 7.8.(b) Funds appropriated to a local school administrative unit for disadvantaged student supplemental funding shall be allotted based on (i) the local school administrative unit's eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

- (1) For counties with wealth greater than ninety percent (90%) of the statewide average, a ratio of 1:19.9.

For the purpose of this subsection, wealth shall be calculated under the low-wealth supplemental formula.

SECTION 7.8.(c) If a local school administrative unit's wealth increases to a level that adversely affects the unit's DSSF allotment ratio, the DSSF allotment for that unit shall be maintained at the prior year level for one additional fiscal year.

RESIDENTIAL SCHOOLS

SECTION 7.25.(a) The General Assembly finds that the operation of the Eastern North Carolina School for the Deaf, the Governor Morehead School for the Blind, and the North Carolina School for the Deaf (collectively, the "residential schools") no longer meets the needs of the populations they serve in an efficient and effective manner, and that current levels of utilization of the residential schools can be accommodated with two schools. No later than January 15, 2012, the Department shall report to the Joint Legislative Education Oversight Committee of the General Assembly the residential school it has decided to close and the Department's plan for consolidating the programs with those at the two remaining schools. The Department shall base its choice of the residential school to be closed on the following considerations:

- (1) Minimization of impact on services to deaf and blind students currently served by the residential schools.
- (2) Minimization of costs of modifications at the two remaining residential schools to accommodate students from the closed school.
- (3) Maximization of funds generated or net savings to the State from costs avoided due to the closure of one residential school and the sale or transfer to other State agencies of the school campus and other physical assets.

Effective July 1, 2012, the Department of Public Instruction shall carry out the closure and consolidation described in its report.

SECTION 7.25.(b) The Department of Public Instruction shall ensure that the residential and instructional schedules for the residential schools that were in effect before February 8, 2010, shall remain in effect unless the General Assembly approves a material change to the instructional week. Residential students shall have the opportunity to arrive at their respective schools on the evening of the day before commencement of academic instruction for the week. The Department shall also maintain summer school programming at the residential schools in substantially the same manner as in prior years and shall make no material changes to summer school programming without the approval of the General Assembly.

SECTION 7.25.(c) The Department of Public Instruction may create a principal position at each residential school not currently assigned a principal position from funds appropriated in this act for the residential schools.

SECTION 7.25.(d) The position of superintendent for the residential schools within the Department of Public Instruction is eliminated. The Department shall designate one of the directors of the residential schools to serve as the superintendent for the residential schools. Of funds previously appropriated to the Department for the position of superintendent for the residential schools, the sum of twenty thousand dollars (\$20,000) shall be used to supplement the salary of the director who also serves as superintendent of residential schools. The remaining funds shall be used to offset other reductions to the residential schools made in this act.

SECTION 7.25.(e) G.S. 115C-325(p) reads as rewritten:

"(p) Section Applicable to Certain Institutions. – Notwithstanding any law or regulation to the contrary, this section shall apply to all persons employed in teaching and related educational classes in the schools and institutions of the Departments of Health and Human Services, Public Instruction, Correction, or Juvenile Justice and Delinquency Prevention regardless of the age of the students."

(e) It shall be the duty of the county board of education to provide adequate buildings and equipment for the storage and maintenance of all school buses and service vehicles owned or operated by the board of education of any local school administrative unit in such county. ~~(f) In the event of the damage or destruction of any school bus or service vehicle by fire, collision, or otherwise, the board of education of the local school administrative unit which shall own or operate such bus or service vehicle may apply to the State Board of Education for funds with which to replace it. SECTION 7.28.(b) G.S. 115C-426(f)(4) reads as rewritten:

SECTION 7.28.(d) Subsections (a) and (b) of this section take effect July 1, 2012.

INCREASE NUMBER OF INSTRUCTIONAL DAYS

SECTION 7.29. G.S. 115C-84.2 reads as rewritten:

"§ 115C-84.2. School calendar.

(a) School Calendar. – Each local board of education shall adopt a school calendar consisting of 215 days all of which shall fall within the fiscal year. A school calendar shall include the following:

- (1) **(See notes)** A minimum of ~~180~~185 days and ~~1,000~~1,025 hours of instruction covering at least nine calendar months. The local board shall designate when the ~~180~~185 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.
- (1a) Repealed by Session Laws 2004-180, s. 1, effective August 9, 2004.
- (2) A minimum of 10 annual vacation leave days.
- (3) The same or an equivalent number of legal holidays occurring within the school calendar as those designated by the State Personnel Commission for State employees.
- (4) ~~Five days, as designated by the local board, for use as teacher workdays. These days shall be protected to allow teachers to complete instructional and classroom administrative duties. The local school administrative unit shall not impose any additional tasks on these days. The local board shall schedule one of these days at the beginning of the school year and one at the end of each academic quarter.~~
- (5) The remaining days scheduled by the local board in consultation with each school's principal for use as teacher workdays, additional instructional days, or other lawful purposes. Before consulting with the local board, each principal shall work with the school improvement team to determine the days to be scheduled and the purposes for which they should be scheduled. Days may be scheduled and planned for different purposes for different personnel and there is no requirement to schedule the same dates for all personnel. In order to make up days for school closing because of inclement weather, the local board may designate any of the days in this subdivision as additional make-up days to be scheduled after the last day of student attendance.

Local boards and individual schools are encouraged to use the calendar flexibility in order to meet the annual performance standards set by the State Board. Local boards of education shall consult with parents and the employed public school personnel in the development of the school calendar.

Local boards shall designate at least ~~seven~~two days scheduled under ~~subdivisions (4) and subdivision (5)~~ of this subsection as days on which teachers may take accumulated vacation leave. Local boards may designate the remaining days scheduled in ~~subdivisions (4) and subdivision (5)~~ of this subsection as days on which teachers may take accumulated vacation leave, but local boards shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on any of these days. A teacher may elect to waive this notice requirement for one or more of these days.

(b) Limitations. – The following limitations apply when developing the school calendar:

- (1) The total number of teacher workdays for teachers employed for a 10 month term shall not exceed 195 days.

- (2) The calendar shall include at least 42 consecutive days when teacher attendance is not required unless: (i) the school is a year-round school; or (ii) the teacher is employed for a term in excess of 10 months. At the request of the local board of education or of the principal of a school, a teacher may elect to work on one of the 42 days when teacher attendance is not required in lieu of another scheduled workday.
- (3) School shall not be held on Sundays.
- (4) Veterans Day shall be a holiday for all public school personnel and for all students enrolled in the public schools.

(c) Emergency Conditions. – During any period of emergency in any section of the State where emergency conditions make it necessary, the State Board of Education may order general, and if necessary, extended recesses or adjournment of the public schools.

(d) Opening and Closing Dates. – Local boards of education shall determine the dates of opening and closing the public schools under subdivision (a)(1) of this section. Except for year-round schools, the opening date for students shall not be before August 25, and the closing date for students shall not be after June 10. On a showing of good cause, the State Board of Education may waive this requirement to the extent that school calendars are able to provide sufficient days to accommodate anticipated makeup days due to school closings. A local board may revise the scheduled closing date if necessary in order to comply with the minimum requirements for instructional days or instructional time. For purposes of this subsection, the term "good cause" means either that:

- (1) schools in any local school administrative unit in a county have been closed eight days per year during any four of the last 10 years because of severe weather conditions, energy shortages, power failures, or other emergency situations; or
- (2) schools in any local school administrative unit in a county have been closed for all or part of eight days per year during any four of the last 10 years because of severe weather conditions. For purposes of this subdivision, a school shall be deemed to be closed for part of a day if it is closed for two or more hours.

The State Board also may waive this requirement for an educational purpose. The term "educational purpose" means a local school administrative unit establishes a need to adopt a different calendar for (i) a specific school to accommodate a special program offered generally to the student body of that school, (ii) a school that primarily serves a special population of students, or (iii) a defined program within a school. The State Board may grant the waiver for an educational purpose for that specific school or defined program to the extent that the State Board finds that the educational purpose is reasonable, the accommodation is necessary to accomplish the educational purpose, and the request is not an attempt to circumvent the opening and closing dates set forth in this subsection. The waiver requests for educational purposes shall not be used to accommodate system-wide class scheduling preferences.

The required opening and closing dates under this subsection shall not apply to any school that a local board designated as having a modified calendar for the 2003-2004 school year or to any school that was part of a planned program in the 2003-2004 school year for a system of modified calendar schools, so long as the school operates under a modified calendar.

(e) Nothing in this section prohibits a local board of education from offering supplemental or additional educational programs or activities outside the calendar adopted under this section."

SECTION 7.30.(a) G.S. 115C-174.11 reads as rewritten:

"§ 115C-174.11. Components of the testing program.

(a) Assessment Instruments for First and Second Grades. – The State Board of Education shall adopt and provide to the local school administrative units developmentally appropriate individualized assessment instruments consistent with the Basic Education Program for the first and second grades,

rather than standardized tests. Local school administrative units may use these assessment instruments provided to them by the State Board for first and second grade students, and shall not use standardized tests except as required as a condition of receiving federal grants.

(b) Repealed by Session Laws 2009-451, s. 7.20(c), effective July 1, 2009.

(c) Annual Testing Program.

These tests shall be designed to measure progress toward reading, communication skills, and mathematics for grades three through eight, and toward competencies for grades nine through 12. Students who do not pass the tests adopted for eighth grade shall be provided remedial instruction in the ninth grade.

(2) If the State Board of Education finds that additional testing in grades three through 12 is desirable to allow comparisons with national indicators of student achievement, that testing shall be conducted with the smallest size sample of students necessary to assure valid comparisons with other states.

(3) The State Board of Education shall continue to participate in the development of the Common Core State Standards in conjunction with the consortium of other states, review all national assessments developed by both multistate consortia, and implement the assessments that the State Board deems most appropriate to assess student achievement on the Common Core State Standards.

(4) To the extent funds are made available, the State Board shall plan for and require the administration of the ACT test for all students in the eleventh grade unless the student has already taken a comparable test and scored at or above a level set by the State Board.

(d) Except as provided in ~~subdivision (2) of~~ subsection (c) of this section, the State Board of Education shall not require the public schools to administer any standardized tests except for those required by federal law or as a condition of a federal grant.

The State Board of Education shall adopt and provide to local school administrative units all tests required by federal law or as a condition of a federal grant."

SECTION 7.30.(b) Article 10A of Chapter 115C of the General Statutes is amended by adding two new Parts to read:

"Part 4. Student Diagnostic Tests.

"§ 115C-174.20. Tools for student learning.

To the extent funds are made available for this purpose, the State Board shall plan for and require the administration of diagnostic tests in the eighth and tenth grades that align to the ACT test in order to help diagnose student learning and provide for students an indication of whether they are on track to be remediation-free at a community college or university.

"Part 5. Career Readiness.

"§ 115C-174.25. WorkKeys.

To the extent funds are made available for this purpose, the State Board shall plan for and require local school administrative units to make available the appropriate WorkKeys tests for all students who complete the second level of vocational/career courses."

SECTION 7.30.(c) This section applies beginning with the 2011-2012 school year.

SECTION 10.7.(e) The Division of Child Development and Early Education shall adopt a policy to encourage all prekindergarten classrooms to blend private pay families with prekindergarten subsidized children in the same manner that regular subsidy children are blended with private pay children. The Division may implement a waiver or transition period for the public classrooms.

The DCDEE may allow exemptions in counties where there is an inadequate number of three-, four-, and five-star-rated facilities for nonstar-rated programs, such as religious programs.

SECTION 10.7.(h) The Division of Child Development and Early Education shall implement a parent co-payment requirement for prekindergarten classrooms the same as what is required of parents subject to regular child care subsidy payments. SECTION 10.7.(j) Based on market analysis and within funds available, the Division of Child Development and Early Education shall establish reimbursement rates based on newly increased requirements of four- and five-star-rated facilities and the higher teacher standards within the prekindergarten class rooms, specifically More At Four teacher standards, when establishing the rates of reimbursements. Additionally, the prekindergarten curriculum day shall cover six and one-half to 10 hours daily and no less than 10 months per year. The public classrooms will have a one-year transition period to become licensed through the Division of Child Development and may continue to operate prekindergarten, formerly "More At Four," classrooms during the 2011-2012 fiscal year.

COMPREHENSIVE REVIEW AND REFORM OF PUBLIC EMPLOYEE COMPENSATION PLANS

SECTION 29.20.(a) It is the intent of the General Assembly to create and implement a modernized, fair, and fully functional, performance-based compensation system for employees of State agencies, departments, institutions, The University of North Carolina System, the North Carolina Community College System, and local education agencies. To that end, the Legislative Services Commission, jointly through the Fiscal Research and Program Evaluation Divisions, is directed to

commission a review and study of the current compensation plans of State agencies, departments, institutions, The University of North Carolina System, the North Carolina Community College System, and local education agencies (government sectors). The Legislative Services Commission may use a Request for Information process or a Request for Proposals process to contract with a qualified consulting firm to perform this review and study. The study, at minimum, shall include all of the following:

- (1) A labor market analysis of pay, fringe benefits, classification, and banding plans of government sector employees to determine whether current employees are compensated appropriately relative to market rates for similar positions as compared to (i) other North Carolina public employees, (ii) similar positions and employees in other states, and (iii) where applicable, employees in private industry.
- (2) An analysis of current performance-based compensation plans in use by the North Carolina Banking Commission, the University of North Carolina Health Care System, and the performance-based compensation system proposed by Charlotte/Mecklenburg County Schools. This analysis should include an assessment of the effectiveness of these performance-based plans and should include identification of best practices.
- (3) An evaluation of current longevity pay as applicable to most government sector employees and recommendations as to whether longevity pay should be continued for new hires.
- (4) An evaluation of current laws and policies related to "career status" for employees subject to the State Personnel Act and tenure for public school teachers and university professors. For public school teachers, the evaluation of tenure shall include its relationship with student performance, if any. This evaluation should also include recommendations as to whether these laws and policies should be continued or modified based upon human resource best practices.
- (5) An evaluation of salary supplements for public school employees paid on account of master's degrees, attainment of other advanced degrees, and national board certification, including the relationship to student performance, if any. This evaluation should also include recommendations as to whether these salary supplements should be continued or modified based upon the effect on student performance, if any, and human resource best practices.
- (6) An evaluation of the State Personnel Act including recommendations as to whether these laws and policies should be continued or modified based upon human resource best practices.
- (7) An analysis of the effect of in-State regional variables on employee compensation and recommendations as to how those variables should be addressed in the future.
- (8) Recommendations of how to evaluate and compare the value of employee fringe benefits.
- (9) Recommendations, timetable, and design of a comprehensive performance-based compensation plan across all government sectors for implementation by the General Assembly. Recommendations must include the design of an effective employee performance evaluation system, including the identification of effective employee performance measures and information systems (including estimated costs) to track and monitor employee performance.
- (10) Training recommendations for supervisors and managers regarding employee productivity and performance evaluation.
- (11) Recommendations to assure equity of compensation among public employees across government sectors.

- (12) Feasibility of a consensus forecasting group to make annual recommendations for compensation policy across all government sectors. These recommendations should include how to establish and maintain priorities for General Fund appropriations necessary to fund the performance-based compensation system while remaining affordable for the State and its taxpayers.

SECTION 29.20.(b) By May 1, 2012, the Fiscal Research and Program Evaluation Divisions, or at their direction by the consultant hired to perform the review and study, shall report all findings and any other final results of the study, including recommendations and legislative proposals, to the 2012 Regular Session of the 2011 General Assembly.

SECTION 29.20.(c) All State agencies, departments, institutions, The University of North Carolina System, the North Carolina Community College System, and local education agencies shall provide any information, data, or documents within their possession, ascertainable from their records, or otherwise available to them to the Fiscal Research and Program Evaluation Divisions and/or the consultant necessary to complete this review and study.

SECTION 29.20.(d) The State Personnel Director, the State Budget Director, the State Controller, and the State Treasurer shall dedicate and identify staff for technical assistance, as needed, to aid in the reviews required by this section.

ESTABLISH SALARY ADJUSTMENT AND PERFORMANCE PAY RESERVE

SECTION 29.20A.(a) General Fund and Highway Fund reserve budget codes are established in the Office of State Budget and Management for the purpose of correcting labor market and other salary inequities and to provide funding for a performance-based compensation plan to effectuate recommendations made in connection with the comprehensive review and reform of public employee compensation plans under Section 29.20 of this act.

SECTION 29.20A.(b) The Director of the Budget shall allocate funds appropriated to the Salary Adjustment and Performance Pay Reserve in Sections 2.1 and 3.1 of this act, as directed by the General Assembly, to public agencies to fund labor market and equity salary increases and to provide funding for performance-based pay plans upon review of the Comprehensive Review and Reform of Public Employee Compensation Plans report.

Funds appropriated to the Salary Adjustment and Performance Pay Reserve may be allocated to public agencies for positions that are funded by the General Fund or Highway Fund. Positions that are funded partially from the General Fund or Highway Fund and partially from sources other than the General Fund or Highway Fund may be increased with funding from the Salary Adjustment and Performance Pay Reserve only to the extent of the proportionate part of the salaries paid from the General Fund or Highway Fund.

For the purposes of this subsection, the term "public employee" means an employee of a State agency, department, or institution; The University of North Carolina; the North Carolina Community College System; or a local school administrative unit.

ESTABLISH SEVERANCE EXPENDITURE RESERVE

SECTION 29.21.(a) There are established in the Office of State Budget and Management General Fund and Highway Fund reserve budget codes for the purpose of funding severance-related obligations to State employees subject to the State Personnel Act, and employees exempt from the State Personnel Act, who are separated from service due to a reduction-in-force action. Severance-related expenditures from these reserves shall include obligations to fund:

- (1) A State employee's severance salary continuation with an age adjustment factor as authorized by G.S. 126-8.5, including employer-related contributions for social security, and

- (2) Noncontributory health premiums for up to 12 months as authorized by G.S. 135-45.2(a)(8) for employees of employing units as defined by G.S. 135-45.1(12).

SECTION 29.21.(b) The Director of the Budget shall allocate funds appropriated in Sections 2.1 and 3.1 of this act to the Severance Expenditure Reserve to public agencies to fund severance-related obligations incurred by the agencies as a result of reduction-in-force actions that cause State-supported public employees to be terminated from public employment. Funds appropriated to the Severance Expenditure Reserve shall be expended in their entirety before funds appropriated to a public agency for State-supported personal services expenditures may be used to fund any severance-related obligations.

Funds appropriated to the Severance Expenditure Reserve may be allocated to public agencies for positions that are funded by the General Fund or Highway Fund. Funds appropriated to the Severance Expenditure Reserve may also be allocated to public agencies for positions that are funded partially from the General Fund or Highway Fund and partially from sources other than the General Fund or Highway Fund but only to the extent of the proportionate part of the salaries paid from the General Fund or Highway Fund.

For the purposes of this subsection, the term "public employee" means an employee of a State agency, department, or institution; The University of North Carolina; the North Carolina Community College System; or a local school administrative unit.

State employees separated due to reduction in force shall receive higher priority than other applicants with employment or reemployment priorities, except that the reemployment priority created by G.S. 126-5(e)(1) shall be considered as equal. The reduction in force priority created by this subsection shall be administered in accordance with rules promulgated by the State Personnel Commission.~~

~~(c2) If the applicants for reemployment for a position include current State employees, a State employee with more than 10 years of service shall receive priority consideration over a State employee having less than 10 years of service in the same or related position classification. This reemployment priority shall be given by all State departments, agencies, and institutions with regard to positions subject to this Chapter.~~

~~(d) "Qualifications" within the meaning of subsection (c) of this section shall consist of:~~

For purposes of his subdivision, service as a member of a school board or as an unpaid bona fide volunteer in a local school administrative unit shall not be considered service."

SECTION 29.25.(c) G.S. 135-3(8)c. reads as rewritten:

"c. Should a beneficiary who retired on an early or service retirement allowance under this Chapter be reemployed by, or otherwise engaged to perform services for, an employer participating in the Retirement System on a part time, temporary, interim, or on a fee for service basis, whether contractual or otherwise, and if such beneficiary earns an amount during the 12 month period immediately following the effective date of retirement or in any calendar year which exceeds fifty percent (50%) of the reported compensation, excluding terminal payments, during the 12 months of service preceding the effective date of retirement, or twenty thousand dollars (\$20,000), whichever is greater, as hereinafter indexed, then the retirement allowance shall be suspended as of the first day of the month following the month in which the reemployment earnings exceed the amount above, for the balance of the calendar year, except when the reemployment earnings exceed the amount above in the month of December, in which case the

retirement allowance shall not be suspended. The retirement allowance of the beneficiary shall be reinstated as of January 1 of each year following suspension. In order for a retired nursing instructor to be rehired, the community college or university must certify to the Teachers' and State Employees' Retirement System that it has a shortage of qualified nursing instructors, and must:

(c) Semesters. – For the purposes of this section, there are two semesters during each taxable year. The spring semester is the first six months of the taxable year, and the fall semester is the second six months of the taxable year. An eligible dependent child is enrolled in a school for a semester if the eligible dependent child is enrolled in that school for more than 70 days during that semester.

- (2) Spent any time enrolled as a full-time student taking at least 12 hours of academic credit in a postsecondary educational institution.
- (3) Was 22 years or older during the entire semester.
- (4) Graduated from high school prior to the end of the semester.

(e) Reduction of Credit. – The amount of the credit is reduced for any semester in which the eligible dependent child spent any time enrolled in a public school. The amount of

(f) Information. – In order to claim the credit allowed by this section, the taxpayer shall provide, when requested, the following to the Secretary:

- (1) The name, address, and social security number of each eligible dependent child for whom the credit is claimed and the name and address of the school or schools in which the eligible dependent child was enrolled for more than 70 days each semester.

- (7) For home schools as defined in G.S. 115C-563(a), a listing of the special education and related services expenses on which the amount of the credit is based.

(g) Carryforward. – The credit allowed under this section may not exceed the amount of tax imposed by this Part reduced by the sum of all credits allowed against the tax, except payments of tax made by or on behalf of the taxpayer. Any unused portion of the credit may be carried forward for the succeeding three years.

(h) Transfer. – At the end of each fiscal year, the Secretary shall transfer to the Fund for Special Education and Related Services established under G.S. 115C-472.15 from the net individual income tax collections under G.S. 105-134.2 an amount equal to two thousand dollars (\$2,000) multiplied by the number of credits taken under this section during the fiscal year.

SESSION LAW 2011-271
HOUSE BILL 427

AN ACT TO PROVIDE FOR THE SEIZURE, FORFEITURE, AND SALE OF MOTOR VEHICLES USED BY DEFENDANTS IN FELONY CASES INVOLVING SPEEDING TO ELUDE ARREST.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-141.5 reads as rewritten:
"§ 20-141.5. Speeding to elude arrest.

...
(f) Each law enforcement agency shall adopt a policy applicable to the pursuit of fleeing or eluding motorists. Each policy adopted pursuant to this subsection shall specifically include factors to be considered by an officer in determining when ~~it is advisable to break off a chase to stop and apprehend a suspect to initiate or terminate a pursuit.~~ The Attorney General shall develop a model policy or policies to be considered for use by law enforcement agencies.

(g) If a person is arrested for a felony violation under this section, then the law enforcement agency shall seize the motor vehicle and deliver the same to the sheriff of the county in which such offense is committed, or the same shall be placed under said sheriff's constructive possession if delivery of actual possession is impractical, and the vehicle shall be held by the sheriff pending the trial of the person or persons operating such motor vehicle and charged with a felony offense under this section.

(1) The sheriff shall restore the seized motor vehicle to the owner upon execution by the owner of a good and valid bond, with sufficient sureties, in an amount double the value of the property, which bond shall be approved by said sheriff and shall be conditioned on the return of the motor vehicle to the custody of the sheriff on the day of trial of the person or persons accused. Upon an acquittal or dismissal of any felony charge under this section, the sheriff shall return the motor vehicle to the owner thereof.

(2) Notwithstanding the provisions for sale set out in subsection (h) of this section, on petition by a lienholder, the court, in its discretion and upon such terms and conditions as it may prescribe, may allow reclamation of the vehicle by the lienholder. The lienholder shall file with the court an accounting of the proceeds of any subsequent sale of the vehicle and pay into the court any proceeds received in excess of the amount of the lien.

(h) Upon conviction of the operator of said motor vehicle of a felony offense under this section, the court shall order a sale at public auction of said motor vehicle.

(1) The officer making the sale shall make the following deductions from the sale proceeds:

a. The expenses of keeping the motor vehicle.

b. The fee for the seizure.

c. The costs of the sale.

The officer shall then pay, from the net proceeds, all liens, according to their priorities, which are established by intervention or otherwise at the hearing or in other proceeding brought for said purpose as being bona fide. The officer shall pay the balance of the proceeds to the proper officer of the county who receives fines and forfeitures to be used for the school fund of the county.

(2) All liens against a motor vehicle sold under the provisions of this section shall be transferred from the motor vehicle to the proceeds of its sale.

- (3) If, at the time of hearing, or other proceeding in which the matter is considered, the owner of the vehicle can establish to the satisfaction of the court that the provisions of sub-subdivisions a. through c. of this subdivision apply, then the court shall not order a sale of the vehicle but shall restore it to the owner. The owner shall be entitled to a trial by jury upon the issues in this subdivision.
- a. The defendant was an immediate member of the owner's family at the time of the offense.
 - b. The defendant had no previous felony or misdemeanor convictions at the time of the offense and had no previous or pending violations of any provision in Chapter 20 of the General Statutes for the three years previous to the time of the offense.
 - c. The defendant was under the age of 19 at the time of the offense.
- (4) A nondefendant motor vehicle owner may file a petition with the clerk of court seeking a pretrial determination that the petitioner is an innocent owner. The clerk shall consider the petition and make a determination as soon as may be feasible. At any proceeding conducted pursuant to this subdivision, the clerk is not required to determine the issue of forfeiture, only the issue of whether the petitioner is an innocent owner. If the clerk determines that the petitioner is an innocent owner, the clerk shall release the motor vehicle to the petitioner. The clerk shall send a copy of the order authorizing or denying release of the vehicle to the district attorney and the sheriff. An order issued under this subdivision finding that the petitioner failed to establish that the petitioner is an innocent owner may be reconsidered by the court as part of the forfeiture hearing under this section.

(i) If the owner of a motor vehicle seized pursuant to this section cannot be found, the taking of the same, with a description thereof, shall be advertised in some newspaper published in the city or county where taken, or, if there be no newspaper published in such city or county, in a newspaper having circulation in the county, once a week for two weeks and by handbills posted in three public places near the place of seizure, and if said owner shall not appear within 10 days after the last publication of the advertisement, the property shall be sold, or otherwise disposed of in the manner set forth in this section.

(j) When any vehicle confiscated under the provisions of this section is found to be specially equipped or modified from its original manufactured condition so as to increase its speed, the court shall, prior to sale, order that the special equipment or modification be removed and destroyed and the vehicle restored to its original manufactured condition. However, if the court should find that such equipment and modifications are so extensive that it would be impractical to restore said vehicle to its original manufactured condition, then the court may order that the vehicle be turned over to such governmental agency or public official within the territorial jurisdiction of the court as the court shall see fit, to be used in the performance of official duties only, and not for resale, transfer, or disposition other than as junk: Provided, that nothing herein contained shall affect the rights of lienholders and other claimants to said vehicles as set out in this section."

SECTION 2. This act becomes effective December 1, 2011, and applies to offenses committed on or after that date.

Each local board of education shall appoint a person or establish a local paperwork control committee to monitor all reports and other paperwork required of teachers by the central office and to monitor teachers' access to software protocols that minimize repetitious data entry."

SECTION 4. The Department of Health and Human Services, in consultation with the More at Four Program and the Smart Start Program, shall review all reporting requirements imposed on the public schools relating to the operations of the programs and child care regulation requirements. The Department of Health and Human Services shall reduce the frequency of reporting as appropriate, based upon the review and recommendation of the parties involved.

The Department of Health and Human Services shall report to the General Assembly on its implementation of this section by October 1, 2011.

SECTION 5. G.S. 115C-302.1(b) reads as rewritten:

"(b) Salary Payments. – State-allotted teachers shall be paid for a term of 10 months. State-allotted months of employment for vocational education to local boards shall be used for the employment of teachers of vocational and technical education for a term of employment to be determined by the local boards of education. However, local boards shall not reduce the term of employment for any vocational agriculture teacher personnel position that was 12 calendar months for the 1982-83 school year for any school year thereafter. In addition, local boards shall not reduce the term of employment for any vocational agriculture teacher personnel position that was 12 calendar months for the 2003-2004 school year for any school year thereafter.

Each local board of education shall establish a set date on which monthly salary payments to State-allotted teachers shall be made. This set pay date may differ from the end of the month of service. The daily rate of pay for teachers shall equal midway between one twenty-first and one twenty-second of the monthly rate of pay. Except for teachers employed in a year-round school or paid in accordance with a year-round calendar, or both, the initial pay date for teachers shall be no later than August 31 and shall include a full monthly payment. Subsequent pay dates shall be spaced no more than one month apart and shall include a full monthly payment.

~~Teachers may be prepaid on the monthly pay date for days not yet worked. A teacher who fails to attend scheduled workdays or who has not worked the number of days for which the teacher has been paid and who resigns, is dismissed, or whose contract is not renewed shall repay to the local board any salary payments received for days not yet worked. A teacher who has been prepaid and continues to be employed by a local board but fails to attend scheduled workdays may be subject to dismissal under G.S. 115C-325 or other appropriate discipline. Teachers shall be paid only for the days employed as of the set pay date. Payment for a full month when days employed are less than a full month is prohibited, as this constitutes prepayment.~~

Any individual teacher who is not employed in a year-round school may be paid in 12 monthly installments if the teacher so requests on or before the first day of the school year. The request shall be filed in the local school administrative unit which employs the teacher. The payment of the annual salary in 12 installments instead of 10 shall not increase or decrease the teacher's annual salary nor in any other way alter the contract made between the teacher and the local school administrative unit. Teachers employed for a period of less than 10 months shall not receive their salaries in 12 installments.

Notwithstanding this subsection, the term "daily rate of pay" for the purpose of G.S. 115C-12(8) or for any other law or policy governing pay or benefits based on the teacher salary schedule shall not exceed one twenty-second of a teacher's monthly rate of pay."

SECTION 6.(a) If House Bill 22, 2011 Regular Session, becomes law, then G.S. 115C-12(19), as amended by this act, reads as rewritten:

"(19) Duty to Identify Required Reports and to Eliminate Unnecessary Reports and Paperwork. – Prior to the beginning of each school year, the State Board of Education shall identify all reports that are required at the State level for the school year.

The State Board of Education shall adopt policies to ensure that local school administrative units are not required by the State Board of Education, the State Superintendent, or the Department of Public Instruction staff to (i) provide information that is already available on the student information management system or housed within the Department of Public Instruction; (ii) provide the same written information more than once during a school year unless the information has changed during the ensuing period; or (iii) complete forms, for children with disabilities, that are not necessary to ensure compliance with the federal Individuals with Disabilities Education Act (IDEA). Notwithstanding the foregoing, the State Board may require information available on its student information management system or require the same information twice if the State Board can demonstrate a compelling need and can demonstrate there is not a more expeditious manner of getting the information.

The State Board shall permit schools and local school administrative units to submit all reports to the Department of Public Instruction electronically.

The State Board of Education, in collaboration with the education roundtables within the Department of Public Instruction, shall consolidate all plans that affect the school ~~community~~community, including school improvement plans. The consolidated plan shall be posted on each school's Web site for easy access by the public and by school personnel.

The State Board shall report to the Joint Legislative Education Oversight Committee by November 15 of each year on the reports it has consolidated or eliminated for the upcoming school year."

SECTION 6.(b) If House Bill 22, 2011 Regular Session, becomes law, then G.S. 115C-105.27 is amended by adding a new subsection to read:

"(f) If a local board of education finds that a school improvement plan adequately covers another plan that the local school administrative unit is otherwise required to prepare, the local school administrative unit shall not be required to prepare an additional plan on the matter."

SECTION 7. Section 5 of this act becomes effective July 1, 2012. The remainder of this act is effective when it becomes law and applies beginning with the 2011-2012 school year.

SESSION 2011

SESSION LAW 2011-282
HOUSE BILL 736

AN ACT TO REORGANIZE THE GENERAL STATUTES RELATING TO SCHOOL DISCIPLINE; PREVENT LITIGATION BY ADDING DEFINITIONS TO, AND CLARIFYING AMBIGUITIES IN, THE CURRENT LAW; CODIFY EXISTING CASE LAW; AND INCREASE LOCAL CONTROL AND FLEXIBILITY REGARDING DISCIPLINE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-390 and G.S. 115C-391 are repealed.

SECTION 2. Article 27 of chapter 115C of the General Statutes is amended by adding the following new sections:

"§ 115C-390.1. State policy and definitions.

(a) In order to create and maintain a safe and orderly school environment conducive to learning, school officials and teachers need adequate tools to maintain good discipline in schools. However, the General Assembly also recognizes that removal of students from school, while sometimes necessary, can exacerbate behavioral problems, diminish academic achievement, and hasten school dropout. School discipline must balance these interests to provide a safe and productive learning environment, to continually teach students to respect themselves, others, and property, and to conduct themselves in a manner that fosters their own learning and the learning of those around them.

(b) The following definitions apply in this Article:

- (1) Alternative education services. – Part or full-time programs, wherever situated, providing direct or computer-based instruction that allow a student to progress in one or more core academic courses. If the offense leading to the long-term suspension occurs before the final quarter of the school year, the exclusion shall be no longer than the remainder of the school year in which the offense was committed. If the offense leading to the long-term suspension occurs during the final quarter of the school year, the exclusion may include a period up to the remainder of the school year in

* H 7 3 6 - V - 7 *

- which the offense was committed and the first semester of the following school year.
- (7) Parent. – Includes a parent, legal guardian, legal custodian, or other caregiver adult who is acting in the place of a parent and is entitled to enroll the student in school under Article 25 of this Chapter.

 - (13) Substantial evidence. – Such relevant evidence as a reasonable person might accept as adequate to support a conclusion; it is more than a scintilla or permissible inference.
 - (14) Superintendent. – Includes the superintendent and the superintendent's designee.

(c) Notwithstanding the provisions of this Article, the policies and procedures for the discipline of students shall be consistent with the requirements of the Gun Free Schools Act, 20 U.S.C. § 7151, the Individuals with Disabilities Education Act (IDEA), 29 U.S.C. § 1400, et seq., section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 701, et seq., and with other federal laws and regulations.

"§ 115C-390.2. Discipline policies.

(a) Local boards of education shall adopt policies to govern the conduct of students and establish procedures to be followed by school officials in disciplining students. These policies must be consistent with the provisions of this Article and the constitutions, statutes, and regulations of the United States and the State of North Carolina.

(b) Board policies shall include or provide for the development of a Code of Student Conduct that notifies students of the standards of behavior expected of them, conduct that may subject them to discipline, and the range of disciplinary measures that may be used by school officials.

(c) Board policies may authorize suspension for conduct not occurring on educational property, but only if the student's conduct otherwise violates the Code of Student Conduct and the conduct has or is reasonably expected to have a direct and immediate impact on the orderly and efficient operation of the schools or the safety of individuals in the school environment.

(d) Board policies shall not allow students to be long-term suspended or expelled from school solely for truancy or tardiness offenses and shall not allow short-term suspension of more than two days for such offenses.

(e) Board policies shall not impose mandatory long-term suspensions or expulsions for specific violations unless otherwise provided in State or federal law.

(f) Board policies shall minimize the use of long-term suspension and expulsion by restricting the availability of long-term suspension or expulsion to those violations deemed to be serious violations of the board's Code of Student Conduct that either threaten the safety of students, staff, or school visitors or threaten to substantially disrupt the educational

environment. Examples of conduct that would not be deemed to be a serious violation include the use of inappropriate or disrespectful language, noncompliance with a staff directive, dress code violations, and minor physical altercations that do not involve weapons or injury. The principal may, however, in his or her discretion, determine that aggravating circumstances justify treating a minor violation as a serious violation.

(g) Board policies shall not prohibit the superintendent and principals from considering the student's intent, disciplinary and academic history, the potential benefits to the student of alternatives to suspension, and other mitigating or aggravating factors when deciding whether to recommend or impose long-term suspension.

(h) Board policies shall include the procedures to be followed by school officials in suspending, expelling, or administering corporal punishment to any student, which shall be consistent with this Article.

(i) Each local board shall publish all policies, administrative procedures, or school rules mandated by this section and make them available to each student and his or her parent at the beginning of each school year and upon request.

(j) Local boards of education are encouraged to include in their safe schools plans, adopted pursuant to G.S. 115C-105.47, research-based behavior management programs that take positive approaches to improving student behaviors.

(k) School officials are encouraged to use a full range of responses to violations of disciplinary rules, such as conferences, counseling, peer mediation, behavior contracts, instruction in conflict resolution and anger management, detention, academic interventions, community service, and other similar tools that do not remove a student from the classroom or school building.

"§ 115C-390.3. Reasonable force.

(a) School personnel may use physical restraint only in accordance with G.S. 115C-391.1.

(b) School personnel may use reasonable force to control behavior or to remove a person from the scene in those situations when necessary for any of the following reasons:

- (1) To correct students.
- (2) To quell a disturbance threatening injury to others.
- (3) To obtain possession of weapons or other dangerous objects on the person, or within the control, of a student.
- (4) For self-defense.
- (5) For the protection of persons or property.
- (6) To maintain order on educational property, in the classroom, or at a school-related activity on or off educational property.

(c) Notwithstanding any other law, no officer or employee of the State Board of Education or of a local board of education shall be civilly liable for using reasonable force in conformity with State law, State or local rules, or State or local policies regarding the control, discipline, suspension, and expulsion of students. Furthermore, the burden of proof is on the claimant to show that the amount of force used was not reasonable.

"§ 115C-390.4. Corporal punishment.

(a) Each local board of education shall determine whether corporal punishment will be permitted in its school administrative unit. Notwithstanding a local board of education's prohibition on the use of corporal punishment, school personnel may use physical restraint in accordance with federal law and G.S. 115C-391.1 and reasonable force pursuant to G.S. 115C-390.3.

(b) To the extent that corporal punishment is permitted, the policies adopted for the administration of corporal punishment shall include at a minimum the following:

- (1) Corporal punishment shall not be administered in a classroom with other students present.
- (2) Only a teacher, principal, or assistant principal may administer corporal punishment and may do so only in the presence of a principal, assistant principal, or teacher who shall be informed beforehand and in the student's presence of the reason for the punishment.
- (3) A school person shall provide the student's parent with notification that corporal punishment has been administered, and the person who administered the corporal punishment shall provide the student's parent a

written explanation of the reasons and the name of the second person who was present.

(4) The school shall maintain records of each administration of corporal punishment and the reasons for its administration.

(5) In no event shall excessive force be used in the administration of corporal punishment. Excessive force includes force that results in injury to the child that requires medical attention beyond simple first aid.

(6) Corporal punishment shall not be administered on a student whose parent or guardian has stated in writing that corporal punishment shall not be administered to that student. Parents and guardians shall be given a form to make such an election at the beginning of the school year or when the student first enters the school during the year. The form shall advise the parent or guardian that the student may be subject to suspension, among other possible punishments, for offenses that would otherwise not require suspension if corporal punishment were available. If the parent or guardian does not return the form, corporal punishment may be administered on the student.

(c) Each local board of education shall report annually to the State Board of Education, in a manner prescribed by the State Board of Education, on the number of times that corporal punishment was administered. The report shall be in compliance with the federal Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g, and shall include the following:

(1) The number of students who received corporal punishment.

(2) The number of students who received corporal punishment who were also students with disabilities and were eligible to receive special education and related services under the federal Individuals with Disabilities Education Act, 20 U.S.C. § 1400, et seq.

(3) The grade level of the students who received corporal punishment.

(4) The race, gender, and ethnicity of the students who received corporal punishment.

(5) The reason for the administration of the corporal punishment for each student who received corporal punishment.

§ 115C-390.5. Short-term suspension.

(a) The principal shall have authority to impose short-term suspension on a student who willfully engages in conduct that violates a provision of the Code of Student Conduct authorizing short-term suspension.

(b) If a student's short-term suspensions accumulate to more than 10 days in a semester, to the extent the principal has not already done so, he or she shall invoke the mechanisms provided for in the applicable safe schools plan adopted pursuant to G.S. 115C-105.47(b)(5) and (b)(6).

(c) A student subject to short-term suspension shall be provided the following:

(1) The opportunity to take textbooks home for the duration of the suspension.

(2) Upon request, the right to receive all missed assignments and, to the extent practicable, the materials distributed to students in connection with the assignment.

(3) The opportunity to take any quarterly, semester, or grading period examinations missed during the suspension period.

§ 115C-390.6. Short-term suspension procedures.

(a) Except as authorized in this section, no short-term suspension shall be imposed upon a student without first providing the student an opportunity for an informal hearing with the principal. The notice to the student of the charges may be oral or written, and the hearing may be held immediately after the notice is given. The student has the right to be present, to be informed of the charges and the basis for the accusations, and to make statements in defense or mitigation of the charges.

(b) The principal may impose a short-term suspension without providing the student an opportunity for a hearing if the presence of the student creates a direct and immediate threat to the safety of other students or staff, or substantially disrupts or interferes with the education of other students or the maintenance of discipline at the school. In such cases, the notice of the charges and informal hearing described in subsection (a) of this section shall occur as soon as practicable.

(c) The principal shall provide notice to the student's parent of any short-term suspension, including the reason for the suspension and a description of the alleged student conduct upon which the suspension is based. The notice shall be given by the end of the workday during which the suspension is imposed when reasonably possible, but in no event more than two days after the suspension is imposed. The notice shall be given by certified mail, telephone, facsimile, e-mail, or any other method reasonably designed to achieve actual notice.

(d) If English is the second language of the parent, the notice shall be provided in the parent's primary language, when the appropriate foreign language resources are readily available, and in English, and both versions shall be in plain language and shall be easily understandable.

(e) A student is not entitled to appeal the principal's decision to impose a short-term suspension to the superintendent or local board of education. Further, such a decision is not subject to judicial review. Notwithstanding this subsection, the local board of education, in its discretion, may provide students an opportunity for a review or appeal of a short-term suspension to the superintendent or local board of education.

"§ 115C-390.7. Long-term suspension.

(a) A principal may recommend to the superintendent the long-term suspension of any student who willfully engages in conduct that violates a provision of the Code of Student Conduct that authorizes long-term suspension. Only the superintendent has the authority to long-term suspend a student.

(b) Before the superintendent's imposition of a long-term suspension, the student must be provided an opportunity for a hearing consistent with G.S. 115C-390.8.

(c) If the student recommended for long-term suspension declines the opportunity for a hearing, the superintendent shall review the circumstances of the recommended long-term suspension. Following such review, the superintendent (i) may impose the suspension if it is consistent with board policies and appropriate under the circumstances, (ii) may impose another appropriate penalty authorized by board policy, or (iii) may decline to impose any penalty.

(d) If a teacher is assaulted or injured by a student and as a result the student is long-term suspended or reassigned to alternative education services, the student shall not be returned to that teacher's classroom unless the teacher consents.

(e) Disciplinary reassignment of a student to a full-time educational program that meets the academic requirements of the standard course of study established by the State Board of Education as provided in G.S. 115C-12 and provides the student with the opportunity to make timely progress towards graduation and grade promotion is not a long-term suspension requiring the due process procedures described in G.S. 115C-390.8.

"§ 115C-390.8. Long-term suspension procedures.

(a) When a student is recommended by the principal for long-term suspension, the principal shall give written notice to the student's parent. The notice shall be provided to the student's parent by the end of the workday during which the suspension was recommended when reasonably possible or as soon thereafter as practicable. The written notice shall provide at least the following information:

- (1) A description of the incident and the student's conduct that led to the long-term suspension recommendation.
- (2) A reference to the provisions of the Code of Student Conduct that the student is alleged to have violated.
- (3) The specific process by which the parent may request a hearing to contest the decision, including the number of days within which the hearing must be requested.
- (4) The process by which a hearing will be held, including, at a minimum, the procedures described in subsection (e) of this section.
- (5) Notice that the parent is permitted to retain an attorney to represent the student in the hearing process.
- (6) The extent to which the local board policy permits the parent to have an advocate, instead of an attorney, accompany the student to assist in the presentation of his or her appeal.
- (7) Notice that the parent has the right to review and obtain copies of the student's educational records before the hearing.

(8) A reference to the local board policy on the expungement of discipline records as required by G.S. 115C-402.

(b) Written notice may be provided by certified mail, fax, e-mail, or any other written method reasonably designed to achieve actual notice of the recommendation for long-term suspension. When school personnel are aware that English is not the primary language of the parent or guardian, the notice shall be written in both English and in the primary language of the parent or guardian when the appropriate foreign language resources are readily available. All notices described in this section shall be written in plain English, and shall include the following information translated into the dominant non-English language used by residents within the local school administrative unit:

- (1) The nature of the document, i.e., that it is a long-term suspension notice.
- (2) The process by which the parent may request a hearing to contest the long-term suspension.
- (3) The identity and phone number of a school employee that the parent may call to obtain assistance in understanding the English language information included in the document.

(c) No long-term suspension shall be imposed on a student until an opportunity for a formal hearing is provided to the student. If a hearing is timely requested, it shall be held and a decision issued before a long-term suspension is imposed, except as otherwise provided in this subsection. The student and parent shall be given reasonable notice of the time and place of the hearing.

- (1) If no hearing is timely requested, the superintendent shall follow the procedures described in G.S. 115C-390.7(c).
- (2) If the student or parent requests a postponement of the hearing, or if the hearing is requested beyond the time set for such request, the hearing shall be scheduled, but the student shall not have the right to return to school pending the hearing.
- (3) If neither the student nor parent appears for the scheduled hearing, after having been given reasonable notice of the time and place of the hearing, the parent and student are deemed to have waived the right to a hearing and the superintendent shall conduct the review required by G.S. 115C-390.7(c).

(d) The formal hearing may be conducted by the local board of education, by the superintendent, or by a person or group of persons appointed by the local board or superintendent to serve as a hearing officer or hearing panel. Neither the board nor the superintendent shall appoint any individual to serve as a hearing officer or on a hearing panel who is under the direct supervision of the principal recommending suspension. If the hearing is conducted by an appointed hearing officer or hearing panel, such officer or panel shall determine the relevant facts and credibility of witnesses based on the evidence presented at the hearing. Following the hearing, the superintendent or local board shall make a final decision regarding the suspension. The superintendent or board shall adopt the hearing officer's or panel's factual determinations unless they are not supported by substantial evidence in the record.

(e) Long-term suspension hearings shall be conducted in accordance with policies adopted by the board of education. Such policies shall offer the student procedural due process including, but not limited to, the following:

- (1) The right to be represented at the hearing by counsel or, in the discretion of the local board, a non-attorney advocate.
- (2) The right to be present at the hearing, accompanied by his or her parents.
- (3) The right of the student, parent, and the student's representative to review before the hearing any audio or video recordings of the incident and, consistent with federal and State student records laws and regulations, the information supporting the suspension that may be presented as evidence at the hearing, including statements made by witnesses related to the charges consistent with subsection (h) of this section.
- (4) The right of the student, parent, or the student's representative to question witnesses appearing at the hearing.
- (5) The right to present evidence on his or her own behalf, which may include written statements or oral testimony, relating to the incident leading to the suspension, as well as any of the factors listed in G.S. 115C-390.2(g).

- (6) The right to have a record made of the hearing.
- (7) The right to make his or her own audio recording of the hearing.
- (8) The right to a written decision, based on substantial evidence presented at the hearing, either upholding, modifying, or rejecting the principal's recommendation of suspension and containing at least the following information:
 - a. The basis for the decision, including a reference to any policy or rule that the student is determined to have violated.
 - b. Notice of what information will be included in the student's official record pursuant to G.S. 115C-402.
 - c. The student's right to appeal the decision and notice of the procedures for such appeal.

(f) Following the issuance of the decision, the superintendent shall implement the decision by authorizing the student's return to school or by imposing the suspension reflected in the decision.

(g) Unless the decision was made by the local board, the student may appeal the decision to the local board in accordance with G.S. 115C-45(c) and policies adopted by the board. Notwithstanding the provisions of G.S. 115C-45(c), a student's appeal to the board of a decision upholding a long-term suspension shall be heard and a final written decision issued in not more than 30 calendar days following the request for such appeal.

(h) Nothing in this section shall compel school officials to release names or other information that could allow the student or his or her representative to identify witnesses when such identification could create a safety risk for the witness.

(i) A decision of the local board to uphold the long-term suspension of a student is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes. The action must be brought within 30 days of the local board's decision. A person seeking judicial review shall file a petition in the superior court of the county where the local board made its decision. Local rules notwithstanding, petitions for judicial review of a long-term suspension shall be set for hearing in the first succeeding term of superior court in the county following the filing of the certified copy of the official record.

"§ 115C-390.9. Alternative education services.

(a) Students who are long-term suspended shall be offered alternative education services unless the superintendent provides a significant or important reason for declining to offer such services. The following may be significant or important reasons, depending on the circumstances and the nature and setting of the alternative education services:

- (1) The student exhibits violent behavior.
- (2) The student poses a threat to staff or other students.
- (3) The student substantially disrupts the learning process.
- (4) The student otherwise engaged in serious misconduct that makes the provision of alternative educational services not feasible.
- (5) Educationally appropriate alternative education services are not available in the local school administrative unit due to limited resources.
- (6) The student failed to comply with reasonable conditions for admittance into an alternative education program.

(b) If the superintendent declines to provide alternative education services to the suspended student, the student may seek review of such decision by the local board of education as permitted by G.S. 115C-45(c)(2). If the student seeks such review, the superintendent shall provide to the student and the local board, in advance of the board's review, a written explanation for the denial of services together with any documents or other information supporting the decision.

"§ 115C-390.10. 365-day suspension for gun possession.

(a) All local boards of education shall develop and implement written policies and procedures, as required by the federal Gun Free Schools Act, 20 U.S.C. § 7151, requiring suspension for 365 calendar days of any student who is determined to have brought or been in possession of a firearm or destructive device on educational property, or to a school-sponsored event off of educational property. A principal shall recommend to the superintendent the 365-day suspension of any student believed to have violated board policies regarding weapons. The superintendent has the authority to suspend for 365 days a student who has been recommended for such suspension by the principal when such recommendation is consistent

with board policies. Notwithstanding the foregoing, the superintendent may modify, in writing, the required 365-day suspension for an individual student on a case-by-case basis. The superintendent shall not impose a 365-day suspension if the superintendent determines that the student took or received the firearm or destructive device from another person at school or found the firearm or destructive device at school, provided that the student delivered or reported the firearm or destructive device as soon as practicable to a law enforcement officer or a school employee and had no intent to use such firearm or destructive device in a harmful or threatening way.

(b) The principal must report all incidents of firearms or destructive devices on educational property or at a school-sponsored event as required by G.S. 115C-288(g) and State Board of Education policy.

(c) Nothing in this provision shall apply to a firearm that was brought onto educational property for activities approved and authorized by the local board of education, provided that the local board of education has adopted appropriate safeguards to protect student safety.

(d) At the time the student and parent receive notice that the student is suspended for 365 days under this section, the superintendent shall provide notice to the student and the student's parent of the right to petition the local board of education for readmission pursuant to G.S. 115C-390.12.

(e) The procedures described in G.S. 115C-390.8 apply to students facing a 365-day suspension pursuant to this section.

(f) Students who are suspended for 365 days pursuant to this section shall be considered for alternative educational services consistent with the provisions of G.S. 115C-390.9.

"§ 115C-390.11. Expulsion.

"§ 115C-390.12. Request for readmission.

(a) All students suspended for 365 days or expelled may, after 180 calendar days from the date of the beginning of the student's suspension or expulsion, request in writing readmission to the local school administrative unit. The board of education shall consider all petitions for readmission of expelled students, together with the recommendation of the superintendent on the matter, and shall rule on the request for readmission. The board shall consider the petition based on the records submitted by the student and the response by the administration and shall allow the parties to be heard in the same manner as provided by G.S. 115C-45(c).
 - b. The student shall be readmitted if the student demonstrates to the satisfaction of the board or superintendent that his or her presence in a school no longer constitutes a clear threat to the safety of other students or staff.
 - c. A decision by a board of education to deny readmission of an expelled student is not subject to judicial review.
 - d. An expelled student may subsequently request readmission not more often than every six months. The local board of education is not required to consider subsequent readmission petitions filed sooner than six months after the previous petition was filed.
 - e. A decision on readmission under this section shall be issued within 30 days of the petition.

(b) If a student is readmitted under this section, the board and the superintendent have the right to assign the student to any program within the school system and to place reasonable conditions on the readmission.

(c) If a teacher was assaulted or injured by a student, and as a result the student was expelled, the student shall not be returned to that teacher's classroom following readmission unless the teacher consents."

**GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011**

**SESSION LAW 2011-257
HOUSE BILL 765**

AN ACT TO ESTABLISH A BLUE RIBBON COMMISSION TO STUDY THE CURRENT LENGTH OF THE SCHOOL YEAR IN NORTH CAROLINA AND TO DETERMINE HOW LONG THE SCHOOL YEAR SHOULD BE.

Whereas, the Constitution of North Carolina reads as follows: "The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right"; and

Whereas, the length of the school year in North Carolina, like many other states in the United States, is currently a minimum of 180 teaching days, and 1,000 hours, and funds for public education in the State are based on the length of the school term; and

Whereas, North Carolina law does not prohibit school districts from providing more than 180 days of instruction time; and

Whereas, the seminal education report "A Nation at Risk" noted in 1984 that the 180-day school calendar had become outdated and could not sufficiently supply the kind of instructional time that American students needed in a world of increasing complexity; and

Whereas, 180 instructional days consistently puts the United States at or near the bottom of other industrialized nations, according to rankings of instructional time done by the Organization for Economic Cooperation and Development (OECD); and

Whereas, Trends in International Mathematics and Science Study (TIMSS) studies show that the average time spent in the classroom by students in participating nations is 193, translating into a 156-day instructional day gap for American students over a 12-year academic career, or nearly one full school year.

Whereas, North Carolina's graduation rate continues to need to improve; and

Whereas, some experts contend that the current length of the school year does not afford ample time to equip young North Carolinians with the knowledge and skills necessary to compete in an increasingly competitive and global workplace; and

Whereas, studies document that approximately two-thirds of the grade 9 achievement gap between lower and higher income youth can be explained by unequal access to summer learning opportunities during the elementary school years; and

Whereas, studies have documented that most students lose about two months of grade level equivalency in mathematical computation skills over the summer break; and

Whereas, low-income students also lose more than two months in reading achievement, despite the fact that their middle-class peers make slight gains; and

Whereas, children lose more than academic knowledge over the summer. Most children, particularly children at high risk of obesity, gain weight more rapidly when they are out of school during summer break; and

Whereas, students typically score lower on standardized tests at the end of summer vacation than they do on the same tests at the beginning of the summer; and

Whereas, North Carolina continues to spend precious resources on the remediation of its students; and

Whereas, the State of North Carolina should explore the feasibility of extending its school year and potentially being a model for the nation; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The General Assembly reaffirms its intent that every child in North Carolina deserves an opportunity to a sound basic education.

SECTION 2. There is established a Blue Ribbon Commission to Study the Current Length of the School Year (Commission).

SECTION 3. The Commission shall be composed of 19 members as follows:

- (1) Five members of the House of Representatives appointed by the Speaker of the House of Representatives.
- (2) Five members of the Senate appointed by the President Pro Tempore of the Senate.
- (3) The chair of the North Carolina State Board of Education.
- (4) The executive director of the North Carolina School Boards Association.
- (5) The Superintendent of Public Instruction.
- (6) The president of North Carolina Association of Educators, Inc.
- (7) The executive director of the North Carolina Association of School Administrators.
- (8) The executive director of the Public School Forum of North Carolina.
- (9) The executive director of the Professional Educators of North Carolina, Inc.
- (10) The executive director of the N.C. Principals/Assistant Principals Association, Inc.
- (11) The executive director of the North Carolina Congress of Parents and Teachers, Incorporated.

SECTION 4. The Commission shall study the following matters related to North Carolina's educational needs:

- (1) Strategies for making North Carolina's children ready to compete in the 21st century.
- (2) The cost of implementing a longer school year.
- (3) A plan for implementing a longer school year.
- (4) The impact of summer learning loss.
- (5) The cost of remediation in the public schools, the community colleges, and the constituent institutions of The University of North Carolina.
- (6) The impact of the current calendar on low-income and at-risk students.
- (7) The impact of the current calendar on math and science scores.
- (8) The achievement gap.

SECTION 5. The Speaker of the House of Representatives shall designate one Representative as Cochair, and the President Pro Tempore of the Senate shall designate one Senator as Cochair. The Commission shall meet upon the call of the chairs. A quorum of the Commission shall be 10 members. Any vacancy on the Commission shall be filled by the appointing authority.

SECTION 6. Members of the Commission shall receive per diem, subsistence, and travel allowances in accordance with G.S. 120-3.1, 138-5, or 138-6, as appropriate. The Commission, while in the discharge of its official duties, may exercise all powers provided for under G.S. 120-19 and G.S. 120-19.4. The Commission may meet upon the call of the Cochairs. The Commission may meet in the Legislative Building or the Legislative Office Building. With approval of the Legislative Services Commission, the Legislative Services Officer shall assign professional staff to assist the Commission in its work. The House of Representatives' and the Senate's Directors of Legislative Assistants shall assign clerical staff to the Commission, and the expenses relating to the clerical employees shall be borne by the Commission. The Commission may contract for professional, clerical, or consultant services as provided by G.S. 120-32.02. If the Commission hires a consultant, the consultant shall not be a State employee or a person currently under contract with the State to provide services.

All State departments and agencies and local governments and their subdivisions shall furnish the Commission with any information in their possession or available to them.

The Commission may apply for, receive, and accept grants of non-State funds or other contribution as appropriate to assist in the performance of its duties.

SECTION 7. The Commission may make an interim report of its findings and recommendations to the 2012 Regular Session of the 2011 General Assembly and shall make a final report of its findings and recommendations to the 2013 General Assembly. The Commission shall terminate on December 31, 2012, or the filing of its final report, whichever occurs first.

SECTION 8. This act becomes effective July 1, 2011.

**GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011**

**SESSION LAW 2011-259
HOUSE BILL 822**

**AN ACT DIRECTING THE STATE BOARD OF EDUCATION TO IMPLEMENT A
DROPOUT RECOVERY PILOT PROGRAM.**

Whereas, dropout rates continue to plague North Carolina, limiting career opportunities for dropouts and costing the State billions of dollars in lost wages; and

Whereas, high school dropouts are more likely to be incarcerated and more likely to need social welfare assistance; and

Whereas, the traditional path to a complete high school education is not for everyone; and

Whereas, many students perform best in nontraditional settings, and many students have family and employment obligations that hinder them from following the traditional route to a diploma; and

Whereas, these students require flexibility in terms of scheduling and content delivery; and

Whereas, there is also a need to close the gap in the graduation rates between minority students and white students; and

Whereas, it would be more efficient for North Carolina to reengage students across the State by implementing a statewide pilot program with an initial focus on the districts of highest need to allow the program to be effectively monitored prior to a statewide implementation; and

Whereas, North Carolina can implement such a program without additional taxes or appropriations; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The State Board of Education shall implement a three-year Dropout Recovery Pilot Program in New Hanover County Schools and three other local school administrative units selected by the State Board of Education. The purpose of the pilot program is to reengage students and increase the graduation rates in North Carolina through an educational program that provides flexible scheduling and a blended learning environment with individualized and self-paced learning options.

SECTION 2. Under the pilot program, the educational services and programming shall be provided by an education partner that is a nonprofit or for-profit entity approved by the State Board of Education. The local school administrative unit shall be responsible for reporting enrollment to the Department of Public Instruction, working with the education partner to align graduation requirements, and issuing diplomas to those students in the program who complete the necessary graduation requirements.

SECTION 3. The pilot program shall provide the following:

- (1) Facilities that are easily accessible to the students being served.
- (2) Flexible scheduling, including at least two different program schedules.
- (3) Differentiated instruction that shall include individualized, group, and online instructional components.
- (4) The capacity for assessing, recording, and responding to the students' academic progress on a daily basis using assessments that are aligned with State and local standards and requirements.

SECTION 4. Before the State Board of Education approves an applicant as an education partner, the applicant must demonstrate the following:

- (1) A history providing dropout recovery services to high school students in charter or noncharter public schools.

- (2) At least two years of relevant experience operating and providing services to brick-and-mortar public schools.
- (3) At least two years of relevant experience providing comprehensive online learning programs.
- (4) Relevant experience serving diverse student populations, including socioeconomically disadvantaged students.
- (5) An explanation of the steps taken by the applicant to ensure that its proposed instructional content is aligned with State standards.
- (6) A plan for the recruitment and hiring of State-certified teachers, including hiring criteria.
- (7) A plan for the recruitment and hiring of qualified administrators, including hiring criteria.
- (8) A detailed description of the applicant's plan to work with the participating local school administrative units and the State Board of Education to identify students who need to be served, to reengage those students, and to provide alternative education options for students at risk of dropping out. Students at risk of dropping out from their current schools may be transferred into the pilot program.
- (9) An operational plan that includes the following:
 - a. The number and physical location of proposed sites and a list of the equipment required.
 - b. A proposed program calendar and daily schedule and an explanation of how the calendar and schedule meet the needs of prospective students. The schedule must include at least four hours per school day of on-site learning at a physical location.
 - c. The student-to-teacher ratio.
 - d. A description of each of the instructional methods to be used and number of hours per day for each method.
 - e. A plan for differentiated instruction that must include individualized, group, and online instructional components.
 - f. Capacity for assessing, recording, and responding to students' academic progress on a daily basis using standards-aligned assessments.
 - g. A detailed one-year budget.
 - h. A system of competency-based credit.
 - i. A plan for aggregation and reporting of student performance data and reporting of financial activity.

SECTION 5. Data and student performance results shall be collected and compiled from the pilot program and the participating local school administrative units. By implementing a uniform statewide pilot program, the success of the pilot program as a whole can be measured by the State Board of Education. In an effort to provide services to students for the 2011-2012 school year, if a request for proposals is necessary, the process shall be completed within 60 days of the effective date of the legislation.

SECTION 6. A student attending the pilot program shall be enrolled as a student of the resident local school administrative unit. The student shall be included in the ADM of that unit. The resident local school administrative unit shall retain five percent (5%) of the total per pupil funding for the student to cover administrative costs and shall remit payment to the education partner of the remaining ninety-five percent (95%) within 15 days of receiving payment from the Department of Public Instruction.

SECTION 7. Notwithstanding any other provision of law, the State Board of Education shall authorize participating local school administrative units to implement flexible attendance requirements for students participating in the pilot program due to the flexible scheduling and online portions of the pilot program.

SECTION 8. The pilot program shall be operated through the State Board of Education or as a program of the contracting school administrative unit. The pilot program may be an alternative school.

SECTION 9. This act becomes effective July 1, 2011.

If, by the end of this

second year, the teacher is not proficient in all standards that were areas of concern on the mandatory improvement plan, the local board shall notify the State Board, and the State Board shall initiate a proceeding to revoke the teacher's license under G.S. 115C-296(d).

SESSION 2011

SESSION LAW 2011-310
HOUSE BILL 730

AN ACT TO AUTHORIZE THE DEPARTMENT OF STATE TREASURER TO CREATE A
CENTRALIZED 403(B) RETIREMENT ANNUITY PLAN AS AN OPTION FOR
EMPLOYEES OF LOCAL BOARDS OF EDUCATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-341 reads as rewritten:

"§ 115C-341. Annuity ~~contracts.~~ contracts from local boards of education.

Notwithstanding the provisions of this Chapter for the adoption of State and local salary schedules for the pay of teachers, principals, superintendents, and other school employees, local boards of education may enter into annual contracts with any employee of such board which provide for a reduction in salary below the total established compensation or salary schedule for a term of one year. The local board of education shall use the funds derived from the reduction in the salary of the employee to purchase a nonforfeitable annuity contract for the benefit of said employee. An employee who has agreed to a salary reduction for this purpose shall not have the right to receive the amount of the salary reduction in cash or in any other way except the annuity contract. Funds used by the local boards of education for the purchase of an annuity contract shall not be in lieu of any amount earned by the employee before his election for a salary reduction has become effective.

The agreement for salary reductions referred to herein shall be effected under any necessary regulations and procedures adopted by the State Board of Education and on forms prepared by the State Board of Education.

Notwithstanding any other provisions of this section, the amount by which the salary of any employee is reduced pursuant to this section shall be included in computing and making payroll deductions for social security and retirement system purposes, and in computing and providing matching funds for retirement system purposes.

In lieu of the annuity contracts provided for under this section, interests in custodial accounts pursuant to Section 401(f), Section 403(b)(7), and related sections of the Internal Revenue Code of 1986 as amended may be purchased by local boards of education for the benefit of qualified employees under this section with the funds derived from the reduction in the salaries of such employees."

SECTION 2. Article 23 of Chapter 115C of the General Statutes is amended by adding a new section to read:

"§ 115C-341.2. Department of State Treasurer sponsored 403(b) option.

(a) In addition to the opportunities for local boards of education to offer section 403(b) of the Internal Revenue Code of 1986 retirement annuities and/or mutual funds to their employees under G.S. 115C-341, the Department of State Treasurer may establish an approved third-party vendor of retirement offerings as described in section 403(b) of the Internal Revenue Code of 1986, as now and hereafter amended, pursuant to which employees of local school boards may enter into nonforfeitable 403(b) plan options by way of salary reduction through the auspices of the Department of State Treasurer. This statewide plan shall be known as the "North Carolina Public School Teachers' and Professional Educators' Investment Plan." The vendor authorized under this section shall be selected by use of State procurement procedures, with the goal of attaining lower administrative fees and enhanced services for participants and employer compliance with applicable law and regulations. (2) Governance and oversight of the North Carolina Public School Teachers' and Professional Educators' Investment Plan will be performed by the Department of State Treasurer and the Board of Trustees for the North Carolina Supplemental Retirement Plans established pursuant to G.S. 135-96. Because of the administrative and record-keeping duties enumerated in subdivision (1) of this subsection, any existing vendor of a 403(b) with a participating employer must either agree to share data with the State's 403(b) vendor under this provision (so as to permit oversight over contribution limits, loans, and hardship withdrawals) or be directed by the participating employer to cease accepting new contributions, loans, and hardship withdrawals.

(3) Investment options shall be solely determined by the Department of State Treasurer and Board of Trustees for the North Carolina Supplemental Retirement Plans consistent with section 403(b) of the Internal Revenue Code of 1986, as amended.
